UNT DALLAS
UNIVERSITY OF NORTH TEXAS AT DALLAS
Recommended Course Sequence AY 2022-2023

This document does not constitute an official degree plan, but rather serves as a tool for 4-year degree planning with an academic advisor. Copies of an official degree audit and transcripts are also useful documents for degree planning. Given UNT Dallas allows students to register in courses for multiple terms within the academic year, this document also supports multi-term course scheduling. Students should always confirm their course selections with an academic advisor to avoid taking unnecessary repeated courses and/or courses that do not meet financial assistance requirements

RECOMMENDED COURSE SEQUENCE NOTES

15 credit hours per fall and spring semester or 30 hours over a full academic year is typically required to graduate with a 120-hour undergraduate degree in 4 years.

Plans assume TSI College Readiness requirements have been met in all subjects. All prerequisites must be met for course enrollment. Refer to the Undergraduate Catalog (http://catalog.untdallas.edu/) for TSI requirements and course descriptions for all course prerequisites.

[1] Even if summer courses are not listed or recommended, students can use the summer sessions to take courses to continue progress to degree attainment. Refer to the course descriptions of the Undergraduate Catalog for information related to course offerings typical for each term and the posted schedule of classes in myUNTD.

[2] Any elective – can be used to take any course desired at any level or could be used to complete a minor or another certificate. Electives could be taken over the summer to lighten the load on a given semester in the 3rd and 4th year when coursework may include fieldwork or more rigorous curriculum.
