Course Evaluation Methods

This course will utilize the following instruments to determine student grades and proficiency of the learning outcomes for the course.

Exams: -
Students will take the exams on Blackboard. It is the student’s responsibility to become proficient at Blackboard. Exams will consist of multiple choice type questions.

No makeup examinations will be allowed except for documented emergencies (See Student Handbook).

Assignments: -
News Report (3 assignments) – Each student is expected to summarize a news article related to international management from one of the following sources and submit a summary/critical evaluation before class on the stated dates. Submissions will be via Turnitin. Each report is expected to be approximately 1 double spaced page.

http://www.economist.com/
http://www.cnn.com/WORLD/
http://www.bbc.co.uk/news/world/

Article Review (3 assignments)– Each student will choose 3 articles (other than “Cultural Constraints in Management Theories” and “Competitive Advantage of Nations”) from the folder titled “Articles” on Blackboard under course content. Students are expected to read and write a critical evaluation of the articles. Each article review/critical evaluation is expected to be approximately 2 double spaced pages. Article reviews will be submitted via Turnitin.

Project: -
Country Presentation – Each group of students (3-4 per group) will choose a country, do research about the country and present findings in class. Each presentation is expected to be approximately 45 minutes. Professional attire is required for presentation.
Projects will be evaluated based on the following:

1. Analysis (Breadth and depth of topics covered, linkages among issues, creativity in application and interpretation, relatedness of the material etc.)
2. Research (Research efforts, variety and number of sources (interviews, journal articles, newspapers, online sources, government sources etc.) used, success in applying research to the topic, etc.)
3. Application of course material (Successful use of constructs, frameworks, etc. learned in class in analyzing the topic)
4. Organization and style of presentation (Logical order of topics, clarity, linkages among issues, ability to present the key points, etc.)

Presentation Should Address the Topics Listed Below:

1. The impact of globalization on international trade between this country and (a) the world, and (b) the US.
2. Discuss this country’s cultural characteristics. Use Hofstede’s framework to classify the culture in this country and compare it to that in the United States. Draw appropriate and insightful conclusions about the importance of cultural differences on doing business in that country.
3. Discuss this country’s legal, political and financial system. Also, discuss the status of this country’s infrastructure support (e.g. transportation, electricity, communication/information system, etc.).
4. Paint a picture of the national economy of this country. Assess which sectors are expected to drive the economy in the next few years. What are your projections (provide data) on the state of this country’s economy in the next 5-10 years?
5. General presentation of business practices in the country. Make special notes on those areas where the business practices in this country differ from those in the US. For example:
   * Social and cultural “dos and taboos” for conducting business. (e.g., Cultural stereotypes, regional differences, local customs, communication styles, correspondence, dress and appearance, language, entertainment, socializing, networking, gift-giving, etc.)
   * Religion and gender issues
   * Impact of politics, legal and education system
   * Impact of foreign business practices on local industries
   * Business ethics and the underground economy
   * The income distribution spread between rich and poor
   * Negotiating with business executives from that country
6. Evaluate the national resources (e.g., natural, financial, and human resources, political, legal and educational climates, culture and other social factors, etc.) in relation to how they affect business in the country.
7. Identify at least two sectors of the economy that could be the most attractive targets for US companies. What makes these sectors attractive?

University Policies and Procedures

Students with Disabilities (ADA Compliance): The University of North Texas at Dallas makes reasonable academic accommodation for students with disabilities. Students seeking accommodations must first register with the Disability Services Office (DSO) to verify their eligibility. If a disability is verified, the DSO will provide you with an accommodation letter to be delivered to faculty to begin a private discussion regarding your specific needs in a course. You may request accommodations at any time, however, DSO notices of accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of accommodation for every semester and must meet/communicate with each faculty member prior to implementation in each class. Students are strongly encouraged to deliver letters of accommodation during faculty office hours or by appointment. Faculty members have the authority to ask students to discuss such letters during their designated office hours to protect the privacy of the student. For additional information see the Disability Services Office website at http://www.untdallas.edu/disability. You may also contact them by phone at 972-338-1777; by email at UNTDdisability@untdallas.edu or at Founders Hall, room 204. (UNTD Policy 7.004)
