**Instructor Name:** Jasook Kwon  
**Office Location:** DAL2-305  
**Office Phone:**  
**Email Address:** jasook.kwon@unt.edu  
**Office Hours:** Mondays 6:20 - 6:50 pm; Tuesdays 2:00 – 3:50 pm or by appointment  
**Virtual Office Hours:** Any time by e-mail  
**Classroom Location:** Founder’s Hall (DAL2) -307  
**Class Meeting Days & Times:** Tuesdays 4:00 – 6:50PM

**Course Catalog Description:** Collection, description and analysis of numerical data. Data presentation, tables, charts and graphs, descriptive statistics, analysis of time series and index numbers, sampling techniques and distributions, estimation, confidence intervals, with applications in quality control and productivity.

**Prerequisites:** None  
**Co-requisites:** None

**Required Text:** Textbook: Discovering Business Statistics by Nottingham and Hawkes. Software: Discovering Business Statistics from Hawkes Learning System (Software ISBN is 9781938891007. You can purchase your access code and download the software from www.hawkeslearning.com. ) Course ID is **UNTDBS.** Refer to the instructions for software purchase or download on the next page.

**Recommended Text and References:** Any Excel Primer – Excel reference used in BCIS 2610 will suffice.

**Access to Learning Resources:** Blackboard (https://learn.unt.edu)  
Check syllabus, class announcements, and course contents (including slides, Excel assignments, HLS link, statistical tables) and all Links. Course contents section has all material you need for this course.  
UNT Dallas Library: phone: (972) 780-3625; web: http://www.unt.edu/unt-dallas/library.htm  
UNT Dallas Bookstore: phone: (972) 780-3652; e-mail: 1012mgr@fheg.follett.com

**Course Goals or Overview:** The goal of this course is to learn how to use common business statistical techniques to aid in decision-making.

**Learning Objectives/Outcomes:** At the end of this course, the student will  
1. have an increased understanding of the statistics in business decision making,  
2. be better able to select the appropriate statistical tool/methodology to aid in business decision making,  
3. be able to use a computer spreadsheet program such as Excel to describe and analyze numerical data,  
4. be better able to communicate in the language of applied business statistics,
be able to manipulate simple statistical formulae to solve non-verbal (numerical) problems, and have an enhanced ability to follow directions and instructions.

**Course Outline**

This schedule is subject to change by the instructor. Any changes to this schedule will be communicated in class and electronically. Students should check the class page on Blackboard (https://learn.unt.edu) before and after the class EVERY week.

<table>
<thead>
<tr>
<th>TOPICS</th>
<th>TIMELINE</th>
</tr>
</thead>
</table>
| Syllabus  
Decision Making Using Statistics (Ch. 1.1 – 1.3)  
The Reality of Conducting a Study (Ch. 2.1 – 2.4)  
Levels of Measurement & The Type of Data (Ch. 2.5 – 2.8)  
**Hawkes (HLS): Request Access code & Enroll in System** (check instructions on next page)  
**HLS certification (1.1-1.3; 2.5-2.6 due 9/15)**  
Organizing, Displaying, and Interpreting Data (Ch. 3.1 – 3.7) | Week of 8/26  
Organizing, Displaying, and Interpreting Data (Ch. 3.1 – 3.7) continues  
**HLS certification (3.4; 3.5-3.9 due 9/15)**  
Descriptive Statistics (Ch. 4.1-4.3; 4.5; 4.7)  
Excel practice  
**HLS certification (4.1 due 9/22)**  
Descriptive Statistics (Ch. 4.1-4.3; 4.5; 4.7)  
Review  
**HLS certification (4.2a; 4.3 due 9/29)**  
Finish Excel Assignment 1 before you take Webtest 1. You need the output of Excel Assignment 1 as reference when taking Webtest 1.  
**Webtest 1 will be open through HLS on Sat. 9/27 and Sun.9/28.**  
**Midterm Exam 1**  
Probability: after-exam lecture on exam day (Ch 5.1 – 5.6)  
Chapter 5 continues to section 5.8 Counting  
**HLS certification (5.1-5.2; 5.4 due 10/13)**  
Discrete Random Variables (Ch. 6.1 - 6.3)  
The Binomial Distribution (Ch. 6.5)  
**HLS certification (5.5-5.6 due 10/20)**  
Excel Assignment 2  
**Webtest 2 on Excel Assignment 2 will be open Sat. 10/18 and Sun.10/19.**  
The Poisson Distribution (Ch. 6.6)  
Review  
**HLS certification (6.1-6.3; 6.5 due 10/27/14)** | Week of 9/2  
Week of 9/9  
Week of 9/16  
Week of 9/23  
Week of 9/30  
Week of 10/7  
Week of 10/14  
Week of 10/21
Midterm Exam 2
After-exam lecture is on Continuous Probability Distribution and The Normal Curve (Ch. 7.2 – 7.4) Week of 10/28

Samples and Sampling Distributions (Ch. 8.1-8.3) Week of 11/4
HLS certification (7.2; 7.3a; 7.3b; 7.3c due 11/10)

Estimating Means: Single Samples (Ch. 9.1 – 9.5) Week of 11/11
Excel Assignment 3
Webtest 3 on Excel Assignment 3 will be open Sat. 11/15. and Sun. 11/16.

Estimating Means continues Review Week of 11/18
HLS certification (9.1-9.3; 9.4b due 11/24)

Midterm Exam 3 Excel Practice Week of 11/25

Review for Final Excel Assignment 4 Week of 12/2
Webtest 4 on Excel Assignment 4 will be open Sat.12/6 and Sun.12/7

Final Exam: a two-hour comprehensive exam in your classroom at 4:30pm, Dec. 9, 2014 Week of 12/9
Final week

HLS certification: Tutorial Certification Assignments using Hawkes Learning System. All overdue HLS assignments should be submitted by 11:59pm 12/12/2014 Central Time. The section will be closed after this time. The list of HLS certification assignments is on the next page.
WEBTEST: On-line quizzes through Hawkes Learning System (WEBTESTs evaluate Excel Assignments)

Important dates
T 9/ 8/14: Last day to drop without instructor’s written consent.
F 10/ 3/14: Last day to drop a course or withdraw with a grade of W for courses that the student is not passing. After this date, a grade of WF may be recorded.
M 11/ 3/14: Last day to drop a course with instructor’s written consent.
F 11/21/14: Last day for an instructor to drop a student with a grade of WF for non-attendance.
Last day to withdraw (drop all classes).

Course Evaluation Methods

To demonstrate your ability to use quantitative techniques in business, you will answer exam questions based on short cases. Rather than being purely numerical, problems will be presented in written language. In addition, you will work on Excel case studies that require you to use an Excel spreadsheet program to analyze and describe real-world business data. By simulating real business problems and requiring you to communicate in writing through the language of statistics, these evaluation instruments will reinforce the course objectives.

GENERAL COMMENTS:
1. Doing the assignments is essential to succeeding in this course. For optimal results, you should read every textbook problem. You should work as many of the textbook problems as is possible. In addition to the problems in the textbook, the Hawkes Learning System modules are intended to
assist you in better structuring the learning time you spend on practice problems. Many of the textbook practice problems have answers in the back of the textbook. You are encouraged to keep up with the assignments.

2. You should not hesitate to ask questions in class. Usually someone else has the same question, so, by asking in class, everyone can benefit from your question.

3. Regular and punctual attendance for the full period of each class is expected. Absences and tardiness are likely to cause you to miss the presentation of significant material; this generally results in a much lower grade.

4. If you drop the course, you have the final responsibility for seeing that you are properly withdrawn or dropped before the scheduled last drop day. Anyone who stops attending class should execute the drop procedure since failure to do so may result in a grade of “F” which cannot be changed.

5. You are requested not to phone the Dean’s Office, or the instructor for your final grade in the course.

EVALUATION COMPONENTS

1. Exercise problems are discussed in class. They come from the end-of-chapter / end-of-section problems. Understanding these problems is critical to learning the material well enough to complete exams within allotted time. You are expected to read and understand the relevant sections of the textbook. All reading material is testable, even if it is not emphasized in the lecture.

2. **Hawkes Learning System (HLS) Tutorial Certification:** Tutorial certifications are required course assignment. These are an important part of the course grade. You will not hand in anything here since the modules must be certified online. 18 modules are assigned for 140 points: (17 modules * 8 pts each) + (1 module * 4pts) = 140 pts. To receive full credits, you need to certify Hawkes Learning System modules on line by due dates. Late certification is accepted but at a 25% penalty.

Please follow instructions below for registering a Hawkes Learning System online. All modules must be registered online, whether you complete the module in one of the UNT computer labs or at home. After completing a module and registering it, you check your Progress Report. **You should print a copy of the progress report every time you complete a module.** This hard copy of the progress report can be used in case of need if the system fails/crashes. Progress reports showing completion of a module may be used if the system errors in recording a module. The date on the progress report will be used to update the system. No overdue assignments will be taken after 11:59pm. December 12th, 2014.

HLS Course ID is **UNTDDBS**.

3. **Excel Assignments & Webtests**: Webtest is an on-line quiz and, as such, Webtests are an important part of the course grade. Four Excel assignments using Excel software are assigned. Answer the assignment problems first before you sit for Webtest. Webtest is available on scheduled day via Hawkes Learning System software. Consult your answers and Excel output while taking Webtest. Usually, there is nothing to submit to instructor but it depends on the assignment. There is no on-line practice session for webtest. **Check Excel Assignments folder at Blackboard (https://learn.unt.edu).**

4. **Exams**: There will be three in-class Midterm exams and a comprehensive Final. The lowest grades of three Midterm exams will be thrown out. For each exam, you will be allowed to use your own textbook (paper version), a calculator, statistics tables (paper version), and formula sheets. Any other notes or slides will NOT be allowed. Final is a comprehensive exam. **No** make-up examinations will be allowed except for documented emergencies (See student handbook).

5. **Grading Matrix**

Point Allocation:

<table>
<thead>
<tr>
<th>Description</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Two high grades of midterm exams (2 * 150 pts)</td>
<td>300 pts</td>
</tr>
<tr>
<td>Final</td>
<td>200 pts</td>
</tr>
<tr>
<td>Hawkes Tutorial Certifications (17 * 8 pts) + (1 * 4pts)</td>
<td>140 pts</td>
</tr>
<tr>
<td>Four WEBTESTs on Excel Assignments (4 * 15 pts)</td>
<td>60 pts</td>
</tr>
<tr>
<td><strong>TOTAL</strong></td>
<td>700 pts</td>
</tr>
</tbody>
</table>

Letter Grade Determination:

- A: 630 points or above: 90% or higher
- B: 560 ~ 629 points (inclusive): 80 ~ 89%
- C: 490 ~ 559 points (inclusive): 70 ~ 79%
- D: 420 ~ 489 points (inclusive): 60 ~ 69%
- F: 419 or below: lower than 60%

The grade of Incomplete, “I” is seldom assigned. Please see the details of incompletes in the student handbook.
Instructions on Hawkes Learning System Enrollment:

If you already purchased software from university bookstore, follow option 1. For those who prefer on-line purchase, you can download software and purchase access code from http://www.hawkeslearning.com. On-line purchasers, follow Option 2.

Option 1: If you already purchased the software from bookstore, check the back of the tear-off strip attached to the front cover. There is your prepaid license number. To run the software, you need to get access code by registering your license number at http://www.hawkeslearning.com. You already paid for access code when you purchased software from university book store. In Hawkes web page, click get your access code, and go to Register my License Number by entering your license number. You will receive your code within minutes. If there is a 15 minute delay in receiving your code, contact Hawkes Learning at 800-426-9538 and they will assist you. Be sure to enter your name exactly as the register at UNT has your name (e.g., no nicknames, etc.).

Option 2: This is for on-line purchase. Go to http://www.hawkeslearning.com. Software itself is free but you need to pay for your access code. From the left column, click Get Your Access Code and choose “Purchase an Access Code”. Type your school name as University of North Texas-Dallas. Your product is Discovering Business Statistics. Add. You are not required to buy eBook. It is an electronic version of our required textbook. You may purchase it for your convenience, but electronic version textbook is not allowed in open-book tests of this course.

Certify a Hawkes Learning System Module Online or Check your Progress Report
1. Either Save, Print, or Write down the Certification code you are given at the end of the lesson.
2. Go to http://www.hawkeslearning.com/untdbst. Enter the Access Code using one of the methods listed on the page.
3. Select your instructor (Jasook Kwon) from the drop down menu (only have to do this once). The appropriate course ID is UNTDBS.
4. Select your section from the drop down menu (only have to do this once).
5. The next page will be your online progress report. At the top of the page is a button labeled “Register a lesson certificate”. Click on that button.
6. Select the lesson name that you registered in from the drop down list on the next page.
7. Either type in your Certification code or load it from where you saved it. Click the OK button.
8. You will be shown a page that tells you whether the Certification code was valid or not and will give you the opportunity to enter another certification code for a different lesson if the code was correct or for the same lesson if the code was incorrect.
9. After registering the code(s), you can view your progress in the class by clicking on the button labeled “Progress Report”. You should print this Progress Report every time you register a module.

Remember: The course ID is UNTDBS.

DEPARTMENT & COLLEGE POLICIES

1. If you wish to register a complaint, you should first discuss your complaint with your instructor. To further pursue your complaint, contact the Dean of Business and Public Leadership.
2. The course grade of "I" is not given except for rare and very unusual emergencies, as per university guidelines.

3. The University policy on Code of Conduct and Ethics is contained in the Student Guidebook. You are responsible for knowing the information contained in this and all other official University publications.

4. Students with Disabilities: The College of Business Administration complies with the Americans with Disabilities Act in making reasonable accommodations for qualified students with disability. If you have an established disability as defined in the "Act" and would like to request accommodation, please see me as soon as possible. My office hours and office number are shown at the top of this syllabus.

5. Dates of drop deadlines, exams, final exams, etc., are published in the university catalog and schedule of classes. Please be sure you keep informed about these dates.

**University Policies and Procedures**

**Students with Disabilities (ADA Compliance):**

The University of North Texas Dallas is on record as being committed to both the spirit and letter of federal equal opportunity legislation; reference Public Law 92-112 – The Rehabilitation Act of 1973 as amended. With the passage of new federal legislation entitled Americans with Disabilities Act (ADA), pursuant to section 504 of the Rehabilitation Act, there is renewed focus on providing this population with the same opportunities enjoyed by all citizens.

As a faculty member, I am required by law to provide "reasonable accommodations" to students with disabilities, so as not to discriminate on the basis of that disability. Student responsibility primarily rests with informing faculty of their need for accommodation and in providing authorized documentation through designated administrative channels. For more information, you may visit the Student Life Office, Suite 200, Building 2 or call 972-780-3632.

The Department of Business is committed to full academic access for all qualified students, including those with disabilities. In keeping with this commitment and in order to facilitate equality of educational access, faculty members in the department will make reasonable accommodations for qualified students with a disability, such as appropriate adjustments to the classroom environment and the teaching, testing, or learning methodologies when doing so does not fundamentally alter the course.

If you have a disability, it is your responsibility to obtain verifying information from the Office of Student Life and to inform me of your need for an accommodation. Grades assigned before an accommodation is provided will not be changed. Information about how to obtain academic accommodations can be found in UNTD Policy 7.004, Disability Accommodations for Students, and by visiting Student Life, building 2, Suite 200. 972-780-3632, studentlife@unt.edu.

The University of North Texas Dallas faculty is committed to complying with the Americans with Disabilities Act (ADA). Students’ with documented disabilities are responsible for informing faculty of their needs for reasonable accommodations and providing written authorized documentation. Grades assigned before an accommodation is provided will not be changed as accommodations are not retroactive. For more information, you may visit the Student Life Office, Suite 200, Building 2 or call Laura Smith at 972-780-3632.

**Student Evaluation of Teaching Effectiveness Policy:**

The Student Evaluation of Teaching Effectiveness (SETE) is a requirement for all organized classes at UNT. This short survey will be made available to you at the end of the semester, providing you a chance...
to comment on how this class is taught. I am very interested in the feedback I get from students, as I work to continually improve my teaching. I consider the SETE to be an important part of your participation in this class.

Assignment Policy:
Assignment should be submitted on time. 25% late submission penalties will be applied for overdue submission (but submitted before final) except for documented emergencies (See Student Handbook).

Exam Policy:
Exams should be taken as scheduled. No makeup examinations will be allowed except for documented emergencies (See Student Handbook).

Academic Integrity:
Academic integrity is a hallmark of higher education. You are expected to abide by the University’s code of Academic Integrity policy. Any person suspected of academic dishonesty (i.e., cheating or plagiarism) will be handled in accordance with the University’s policies and procedures. Refer to the Student Code of Academic Integrity at http://www.unt.edu/unt-dallas/policies/Chapter%2007%20Student%20Affairs,%20Education,%20and%20Funding/7.002%20Code%20of%20Academic_Integrity.pdf for complete provisions of this code. In addition, all academic work submitted for this class, including exams, papers, and written assignments should include the following statement:

On my honor, I have not given, nor received, nor witnessed any unauthorized assistance that violates the UNT Academic Integrity Policy.

Bad Weather Policy:
On those days that present severe weather and driving conditions, a decision may be made to close the campus. In case of inclement weather, call UNT Dallas Campuses main voicemail number (972) 780-3600 or search postings on the campus website www.unt.edu/dallas. Students are encouraged to update their Eagle Alert contact information, so they will receive this information automatically.

Attendance and Participation Policy:
The University attendance policy is in effect for this course. Class attendance and participation is expected because the class is designed as a shared learning experience and because essential information not in the textbook will be discussed in class. The dynamic and intensive nature of this course makes it impossible for students to make-up or to receive credit for missed classes. Attendance and participation in all class meetings is essential to the integration of course material and your ability to demonstrate proficiency. Students are responsible to notify the instructor if they are missing class and for what reason. Students are also responsible to make up any work covered in class. It is recommended that each student coordinate with a student colleague to obtain a copy of the class notes, if they are absent.

Diversity/Tolerance Policy:
Students are encouraged to contribute their perspectives and insights to class discussions. However, offensive & inappropriate language (swearing) and remarks offensive to others of particular nationalities, ethnic groups, sexual preferences, religious groups, genders, or other ascribed statuses will not be tolerated. Disruptions which violate the Code of Student Conduct will be referred to the Office of Student Life as the instructor deems appropriate.

Other Policies:
- Use of electronic devices that creates distractions to the students or instructor is not tolerated.
- Use of Laptops is permitted and encouraged if you find them helpful. They will not be available for testing.
- See the Student Handbook for a comprehensive discussion of Incompletes. The grade of Incomplete, “I”, is seldom given and cannot be used to compensate for poor performance in this course.
