**General Assignment Submission Guidelines**

1. Writing and referencing should conform to the writing style and reference guidelines found in the *Publication Manual of the American Psychological Association (5th ed.)*.

2. Double space using Word files using an appropriate 12-point, black color font, Times New Roman or Arial writing style and one inch margins.

3. Use a Title Page, and make it APA style with assignment/project title, your name, the date, the course.

4. Use headers, right justified, per APA. Put your last name and page number on first header line; and on the second header line, type the assignment title/name.

5. Always write an introductory paragraph and a final concluding (i.e., synthesizing, evaluative) paragraph; always include a references page, per APA.

6. A full page equals 22-23 lines of content.

7. **Caveat for all assignments and projects:** Please be careful and attend to issues of good grammar, spelling, and presentation.
   a. **DO NOT USE CONTRACTIONS** in academic writing. This course’s writing is academic and scholarly.
   b. Be very careful to maintain consistency in use of verb tense and voice (e.g., third, second, or first person voice) throughout papers.
   c. An important note about plagiarism as it pertains to this course, avoid writing more than 2 or 3 consecutive words of anything that might be borrowed from another source without citing. When in doubt, cite the source. Realistically, until the conclusions are being drawn and the reflective thoughts are being conveyed, chances are that most students’ thoughts and writings are drawn from reliable and valid sources. Therefore, citing appropriately, sentence by sentence, adds credibility to the writer’s work. Furthermore, do not copy either by physically typing or by simply pasting from another source’s website or article and call it your own work by failing to cite the material as a direct quotation. The instructor has been known to sleuth out plagiarism (within minutes of detecting a possible problem with a document) despite any desire to not find the evidence. One key way to avoid problems with plagiarism is to submit assignments informally and early by a date upon which has been mutually agreed. The instructor will return the document with feedback and make suggestions for how to better engage in source citations and how to avoid inappropriately handled quotations. Also, student who make such efforts tend to earn higher grades.
      i. **Do not cite** Wikipedia, Answer.com, Ask.com, About.com, or any other non-scholarly or non-academic Website *(need I go on?)*. **It is not good academic**
form; the instructor will critically grade the use of such reference choices to the disadvantage of the student who uses such.

No assignment should be submitted as pdf file, Microsoft Works, Publisher, or WordPerfect, etc. Assignments are due at different dates throughout the semester. I recommend you download the course syllabus; pay attention to assignment instructions and due dates. **All assignments schedule for this course are due on Sunday’s by 11:59pm (unless otherwise noted). LATE ASSIGNMENTS NOT ACCEPTED!**

**Turnitin:** Turnitin software will be used to ensure originality of your work. As you draw on research information publicized as journal articles, books, websites, etc, Be sure to use your own words by paraphrasing the author’s work and including a citation. Limit the use of quotations. As a rule of thumb, use quotations sparklingly. Your work should reflect a scholarly dance between your voice and the voice of other authors for which you used to develop the research paper. Plagiarism will not be tolerated. I recommend you purchase the APA manual that clearly define and explains what plagiarism is and how to avoid committing

**Required Filename Format for Word Attachments Submitted Online:**

On occasion, Blackboard Learn (and some email programs) have problems with file attachments that include symbols in the filename. Read the Learning Modules and assigned readings in order to make a contribution to weekly course activities such as discussions, exercises, activities, and/or tests. **Carefully review the Exercises, Discussion Board and Major Assignments located in the ASSIGNMENT Folder within each module for a description of required work each week.** These assignments are generally due weekly and must be submitted on time.
You must also keep track of other major projects or assignments as specified in this syllabus. Your written participation must show evidence of critical thinking and you will be graded accordingly. You must also integrate and refer to the readings to demonstrate your understanding and knowledge base. You will lose points for disrespectful behaviors; lack of participation in activities or exercises; lack of respect for others opinions or differences; and violating class confidentiality guidelines. Participation points will be earned for those students making efforts to contribute to the learning community.

2. Strategic Planning Project (SLO measured: 3, 5 & 6) (150pts)
The Strategic Planning Project takes place as a multi-step process that includes the completion of five (5) Activities throughout the semester. This is assignment is labor intensive and will be completed and submitted in parts.

Instructions: For this assignment you are to pretend that you are performing in a role of a community-based, nonprofit services provider interested in developing a human services program designed to address a particular social problem negatively impacting on individuals, or children or families within a community. You have discovered an emerging social problem which there are no established community services to assist those effected by the social problem. Your goal as a community-based nonprofit services provider includes developing a fake human services program or designed specifically to address those effected by the identified social problem. You also have the option to use a real, established human services program for this assignment. In the process of developing a human services program, you must first create a strategic plan that identifies and effectively address the social problem.

2.1—Skill Development Activity #1: Choose a social problem about which you feel a sense of passion. For example, you may have a passion for foster care youth leaving the foster care system at age 18 with limited to no life skills to sustain personal needs as a young adult (25pts).

2.2—Skill Development Activity #2: Identifying a human service program or create your own fake human service program to address a particular social problem. (25pts)

2.3—Skills Development Activity #3: Identifying the specific objectives and activities that will make goal achievement possible. (25pts)

2.4—Skill Development Activity #4: Identify internal and external stakeholders and their influences on the human services program. (25pts)

2.5—Activity # 5: You are to use the first 4 SD Activities to help develop SD Activity 5. Ultimately you will create a clear strategic plan for the program you identified or created. You will (a) Construct the purpose/rationale for the program by highlighting the social problem that the program will address, (b) present the program’s mission, goals and objectives, (c) analyzes the strengths and shortcomings of proposed program using the SWOT analysis method, (d) explains the leadership principles that are needed considering the stakeholders, staff, volunteers, clients and need for cultural competency, (e) describes a strategic plan for improvement, and (f) recommends strategies for implementing. (50pts)

Please note: The idea is for you to be able to develop implementation plans in response to what you have learned throughout the course. Each week you will work on some aspect of the overall Strategic Plan project, so it will be very important that you turn each assignment in for evaluation and consistent feedback. You will be coming back to your program periodically
via the Skill Development Activities so that you can apply what you have learned. By the end of the course you should be able to pull all the activities together and thereby submit a completed strategic plan as a final project. The strategic plan. (Additional instructions provided in the Assignment Folder in Blackboard Learn)

3). Questionnaires (6 @ 20 pts each, SLO measured: 1, 2, 4 & 6): complete six (6) questionnaires related to course content. Review the course syllabus for due dates.

4. Quizzes (6 @ 20pts each, SLO measured 1, 2 & 4):
Quizzes will be scheduled as noted on the class schedule. Quizzes will usually be multiple choices and they will be short answer essay and they will be timed for 1 hour.

5. Discussion Board (6 @ 20pts each, SLO measured: 1, 2, 5 & 6): There will be discussion board assignments in which students are expected to participate. Generally speaking, I expect you to make insightful comments on the discussion board postings and in your group work on Blackboard Learn. The desired length of responses and feedback is 150 - 200 words. It is recommended that you type your response in a word document to verify spelling and length and then copy it into the discussion post.

You are also required to respond to 2 of your peers’ postings. Make every effort to understand the expectations for postings in the course discussion boards. Students must be actively engaged in discussion forums and demonstrate critical thinking, clarity, timeliness, integration of readings, and reflect quality (not quantity). Carefully review the grading rubric for discussion boards so that you understand how you will be evaluated (located in folder entitled “General Information” on the home page). It is also critical that you do not wait until the last minute to engage in a discussion. Note that the discussion board will lock and close at the designated times indicated in this syllabus; late postings will not be graded.

Blog Exercises (4 @ 20pts, each, SLO measured: 1, 2, 3, 4, & 6: You will be required to complete Think-Jot-Share (TJS) activities following selected chapter readings. These activities allow you to engage in the reflection, application, and evaluation process as you read through the text.

6. Final Exam (ONLINE) (100pts LO 3, 5 & 6) This will be 2-3 pages essay exam. The question will be comprehensive in nature and students may have a choice of questions. It will be due at the time and date specified on the course schedule. Explicit references to course material are required, therefore you will need to include a reference page formatted according to APA 6th. Additional material that distinguishes this answer as truly outstanding will make it worthy of 90-100 percent and this material should be presented in a direct and obvious manner. A paper using distinguishing material for 90-100 percent must have an explicitly labeled section in their exam with this wording "Additional Distinguishing Material"

**Academic Integrity:**
Academic integrity is a hallmark of higher education. You are expected to abide by the University’s code of Academic Integrity policy. Any person suspected of academic dishonesty (i.e., cheating or plagiarism) will be handled in accordance with the University’s policies and procedures. Refer to the Student Code of Academic Integrity at http://www.unt.edu/unt-dallas/policies/Chapter%2007%20Student%20Affairs,%20Education,%20and%20Funding/7.002%20Code%20of%20Academic_Integrity.pdf for complete provisions of this code.

In addition, all academic work submitted for this class, including exams, papers, and written assignments should include the following statement:
On my honor, I have not given, nor received, nor witnessed any unauthorized assistance that violates the UNTD Academic Integrity Policy.

**Bad Weather Policy:**
On those days that present severe weather and driving conditions, a decision may be made to close the campus. In case of inclement weather, call UNT Dallas Campuses main voicemail number (972) 780-3600 or search postings on the campus website www.unt.edu/dallas. Students are encouraged to update their Eagle Alert contact information, so they will receive this information automatically.

**Participation Policy:**
The University attendance policy is in effect for this course. Class participation is expected because the class is designed as a shared learning experience and because essential information not in the textbook will be discussed in class. The dynamic and intensive nature of this course makes it impossible for students to make-up or to receive credit for missed classes. Participation in all class meetings is essential to the integration of course material and your ability to demonstrate proficiency. Students are responsible to notify the instructor if they are missing class and for what reason. Students are also responsible to make up any work covered in class. It is recommended that each student coordinate with a student colleague to obtain a copy of the class notes, if they are absent.

**Diversity/Tolerance Policy:**
Students are encouraged to contribute their perspectives and insights to class discussions. However, offensive & inappropriate language (swearing) and remarks offensive to others of particular nationalities, ethnic groups, sexual preferences, religious groups, genders, or other ascribed statuses will not be tolerated. Disruptions which violate the Code of Student Conduct will be referred to the Office of Student Life as the instructor deems appropriate.
