2. Benefits Administration. The administration of an employee’s benefits during a leave of absence without pay shall be as follows:

   2.01. Except for situations involving disciplinary suspension, disability, active military duty, and workers’ compensation, all accumulated leave must be expended before an employee is granted a leave of absence without pay.

   2.02. Sick leave must first be used only if the employee is taking leave for a reason for which the employee is eligible to take sick leave.

   2.03. The President may grant exceptions to the limitations of this section if the employee is taking the leave for a reason such as: working for another state governmental entity under an interagency agreement or for educational purposes.

   2.04. Vacation or sick leaves are not accrued during a leave of absence without pay. However, if the employee has any fraction of paid employment in a

2.05. Except for military leave without pay, a full calendar month during which an employee is on leave without pay is not counted in computing total state service for purposes related to longevity pay, or the rate of accrual of vacation leave or continuous state service for purposes related to merit salary provisions or vacation leave.

2.06. No compensation is given for holidays during a leave of absence without pay.

2.07. Contributions to the employee’s retirement program are suspended until the individual returns to work.
