PASS/NO PASS OPTION QUALIFICATIONS

All of the following items must be checked indicating an affirmative answer in order to ensure that students fully understand this temporary policy. Please consult a university official if items of the policy are not fully understood.

I understand that a passing grade (P) is a C or above.

I understand that grades of D or F will result in a no pass (NP) grade, and I will not receive credit for the course. I understand that a grade of P or NP will not impact my cumulative grade point average.

I understand that this policy is temporary for Summer 2020.

I have consulted with an academic advisor about how my grade choices could impact future endeavors such as graduate school admissions, teacher certification and other possible professional certifications.

I understand that once a decision is made to elect a class for P/NP grading system that grades cannot be converted to a letter grade at a later time for any reason.

While P/NP grades do not impact my GPA, the attempted and accumulated hours are impacted and can impact future financial aid just like a letter graded course.

State Law and university policy, with limited exceptions, allow you to be informed about information the University collects about you, to review and obtain the information on this form and to correct any information you believe is incorrect.
