ConqHer, Inc

We empower under-resourced girls and women to thrive through education, mentorship, leadership, and holistic support, equipping them with the skills and resilience for lifelong success.

Web Development Intern

About Us:
At ConqHer, Inc., our mission is to embrace under-resourced girls and women to thrive through education, mentorship, leadership and holistic growth; equipping them with skills and resilience to lasting success.

Role Overview:

Are you a tech-savvy individual with a passion for creating impactful digital experiences? Do you want to gain real-world experience in web development while contributing to a mission that matters? If so, the Web Development Intern role at ConqHer, Inc. is perfect for you!

As our Web Development Intern, you'll dive into the design and functionality of our website, helping to enhance user experience and engagement. You'll work closely with our Director to ensure our online presence aligns with our mission and effectively communicates our programs and initiatives. This internship offers a unique opportunity to apply your technical skills in a meaningful way while gaining the experience you need to succeed in your future career.

What You'll Do:

- **Support Web Development Projects:** Assist with the design, development, and maintenance of the ConqHer website, ensuring it is user-friendly and visually appealing.
- **Implement Features:** Help integrate new features and functionality to enhance the overall user experience.
- **Content Management:** Assist in updating and managing website content, ensuring it is accurate and aligns with our mission.
- **Collaborate with Team:** Work closely with the marketing and program teams to create engaging web pages that promote our initiatives and events.
- **Conduct Testing:** Help test website functionality, identify bugs, and assist in troubleshooting issues to improve performance.

We empower under-resourced girls and women to thrive through education, mentorship, leadership, and holistic support, equipping them with the skills and resilience for lifelong success.

- **Learn and Grow:** Take advantage of learning opportunities to expand your knowledge of web development technologies and best practices.

Who You Are:

- **Tech-Savvy:** You have a passion for technology and web development, with a basic understanding of Wix, HTML, CSS, and JavaScript.
- **Creative:** You enjoy finding innovative solutions and have an eye for design and user experience.
- **Eager to Learn:** You're excited to dive into the world of web development and expand your skills in a nonprofit environment.
- **Passionate:** You care about making a difference and want to be part of a mission-driven organization.
- **Team Player:** You enjoy collaborating with others to achieve common goals.

Qualifications:

- Currently enrolled in or recently graduated from a college or university program in computer science, web development, or a related field.
- Experience with content management systems (CMS) like Wix is a plus.
- Strong problem-solving skills and attention to detail.
- Ability to commit to 15 hours per week for the duration of the internship.

How to Apply:

If you're ready to gain valuable web development experience while contributing to a mission that empowers and uplifts, we'd love to hear from you! Please submit your resume and explain your interest in the role and how you align with our mission.

Send us your resume to hello@conqher.org
