SERVICE TO THE COMMUNITY

1. Member, Comprehensive Land Use Plan (CPC) Committee, Dallas, TX: July 2021-2022.
 - a Selected by staff member from the City of Dallas' Urban Design and Planning Department.
 - b Responsible for guiding the city's long-term development and land use policies. The committee's purpose is to ensure that land use decisions promote sustainable growth, economic development, and a high quality of life for all residents. By analyzing current land use trends, evaluating community needs, and considering future growth, the

committee helps shape policies that balance residential, commercial, and public spaces, while preserving environmental resources and enhancing the city's overall infrastructure.

2. Member, Chair, Joppy Momma's Farm, Dallas, TX: May 2021-Present.
 - a Purpose to eradicate food insecurity in federally declared food deserts by providing fresh, locally grown produce to underserved communities. The farm promotes sustainable agriculture, community engagement, and education on healthy eating practices, aiming to improve access to nutritious food for all residents.
 - b The role of the board chair at Joppy Momma's Farm involves leading the board in governance, strategic planning, and fundraising efforts. The Chair ensures that the farm's mission is effectively carried out, oversees the execution of key initiatives, and fosters collaboration among board members, staff, and community partners.
3. Director, City of Dallas Housing Finance Corporation, Dallas, TX: March 2020-Present.
 - a Appointed by District 3 Councilmember Casey Thomas
 - b Serves to facilitate the development and availability of affordable housing for low- to moderate-income residents. Its purpose is to provide financial support, including bonds and tax incentives, to developers and homeowners, ensuring that housing projects align with the city's goals of expanding affordable housing options and addressing housing disparities.
 - c The role of the Director of the Housing Finance Corporation involves overseeing the corporation's operations, managing financial resources, and ensuring compliance with regulatory requirements. Worked closely with developers, city officials, and community stakeholders to implement strategies that promote affordable housing development and address the city's housing needs.
4. Volunteer, Paul Quinn College's We Over Me Farm, Dallas, TX: September 2019-September 2021.
 - a Goal is to transform the local food landscape by providing fresh produce to the surrounding community, particularly in areas classified as food deserts. The farm also functions as an educational resource, promoting sustainability, healthy eating, and community empowerment. It embodies the university's commitment to social justice and economic revitalization by addressing food insecurity and supporting local food systems.
 - b As a volunteer, maintained farm operations, including planting, harvesting, and distributing produce.
 - c Helped establish a strategic plan and program evaluation to promote sustainable agriculture and raise awareness about the importance of healthy food access.

RESEARCH INTERESTS

My research interests explore the importance of interlocal collaboration in determining financial resiliency of local governments during emergency recovery. I am currently studying the association between urban blight and financial capacity of local governments. My research also examines different

types of interlocal agreements, specifically financial accountability clauses in local government contracting.

TEACHING INTERESTS

Public finance, governmental budgeting, public management, governance, public policy, housing development, disaster preparation and mitigation, strategic planning
