Grade Determination:

A = 900 or greater

B = 800 - 899

C = 700 - 799

D = 600 - 699

F = Less than 600

NOTE: Scores will NOT be rounded up. If your total is 799, you will still receive a C for the class. Please keep track of your point totals on the grade center in Blackboard. You can click on the section "My Grades" to see what your grades are. If it looks like you are only a point or two away from a higher letter grade, please talk to me about extra credit work or opportunities to raise your grade **BEFORE** the last week of the semester. I do not like to see effort go unrewarded and will be happy to work with anyone who is truly driven to succeed in this class.

A = Exceptional work.

Has gone through multiple revisions & editing.

Contains no spelling, grammar, or sentence structure mistakes.

Includes absolutely no instances of cheating or plagiarizing (be it accidental or purposeful).

B = Good work (Above average, but not exceptional).

Has gone through multiple revisions & editing.

Contains minimal spelling, grammar, &/or sentence structure mistakes.

Includes absolutely no instances of cheating or plagiarizing (be it accidental or purposeful).

C = Average work (The student did exactly what was asked of them, no more & no less, neither above or below what was required).

Has gone through minimal revisions &/or editing.

Contains some spelling, grammar, &/or sentence structure mistakes.

Includes absolutely no instances of cheating or plagiarizing (be it accidental or purposeful).

D = Below average work.

Has clearly not gone through a revision or editing process.

Contains multiple spelling, grammar, &/or sentence structure mistakes.

Includes absolutely no instances of blatant/purposeful cheating or plagiarizing, or obvious accidental cheating or plagiarizing

F = Failing work.

The work was not turned in, the work did not follow instructions, or the student was caught cheating &/or plagiarizing (be it accidental or purposeful).

PLEASE REFER TO THIS GRADING SCALE THROUGHOUT THE SEMESTER. THIS IS HOW YOUR GRADES WILL DETERMINED. "A" work is exceptional; "B" work is pretty good, "C" work is average; "D" work is below average; "F" work is failing. It's that simple.

Course Evaluation Methods

This course will utilize the following instruments to determine student grades and proficiency of the learning outcomes for the course.

Writing Projects: To understand and practice the skills and strategies of effective writing, students will complete four major writing projects that adhere to grammatical and stylistic standards of academic American English. Each project will need to adhere to stylistic, topic, and length requirements designated for each assignment. Essays will be graded according to students' ability to follow specific assignment guidelines.

Journal Posts/Response Papers/Other Low-Stakes Writing: Students will compose a number of low-stakes writing assignments to reflect upon and understand their work in the class, course concepts, and readings.

Quizzes: Students may be quizzed over course concepts and/or readings.

Learning Commons Visit: Students will visit with a tutor in the Learning Commons to review major essays before submission.

Peer Reviews: Students will peer review each other's work to better communicate their writing to audiences.

Presentations: Students will make a formal presentation over one Writing Project for the semester.

Mid-Term/Final Exams: Students will compose a short essay to demonstrate understanding of academic writing concepts covered in units over the course of the semester.

Class Participation: Participation includes posting/responding to discussion forums, completing activities, etc. Participation is scored within individual assignments with an explanation of participation requirements found within assignment descriptions.

Course and University Policies and Procedures

Late Work

No late work is accepted in the course. If you feel you are falling behind in the course or struggling to meet deadlines, please come speak to me **before** assignments are due.

Attendance

Attendance in class is required. In each 15-week semester, students may have up to four (4) unexcused absences. After these four unexcused absences, a student's final grade may be reduced at the discretion of the instructor. After six (6) unexcused absences, the student may fail the class due to an absence failure.

In each 8-week semester, students may have up to two (2) unexcused absences. After these four unexcused absences, a student's final grade may be reduced at the discretion of the instructor. After four (4) unexcused absences, the student may fail the class due to an absence failure.

Absences may be considered excused only if 1) students have made pre-arranged plans with the instructor for events and circumstances that are appropriate for missing class or 2) the student has documentation (timestamped picture, official note, dated materials) of extenuating circumstances.

Writing Center Bonus Points

Good writers do not write in a vacuum; rather, they seek feedback and assistance from many people and groups. One of the best resources to use on campus is the Writing Center, where a trained writing consultant can help students review and revise their papers, no matter what stage they are at.

Students who voluntarily visit the Writing Center beyond any instructor or course requirements will receive a bonus equivalent to 1% of their total final grade and may receive a maximum of 5% of their total grade in bonus through these voluntary visits.

Revision Policy

For each major project in the course, students have the option to revise and resubmit the project one more time after the instructor has given feedback and a grade on it. Revisions that substantially improve the project will earn new grades, and those grades will replace the older score.

To qualify, revisions must change the paper in significant and substantial ways; revisions that only correct mechanical errors will not be eligible for new grades.

Contacting the Instructor: Send emails with clear subjects and appropriate signatures for identification purposes. I will only respond to emails sent *through Canvas*. I respond to all emails within two business days. If I receive an email on a weekend or holiday, I will respond to it by the second business day after the weekend or holiday.

Basic Course Information

Minimum Technology Requirement: Students must have access to high speed Internet, MS Word or an equivalent program that can save files as a .docx or pdf.

Minimum Student Skills: Students must be proficient with using word processing software and uploading and downloading files. Students must be able to use Canvas.

Netiquette Expectations: Appropriate behavior (in the classroom and online) is expected in order to create a supportive and comfortable experience. Students are expected to be courteous and to respect the rights of other class members and the professor. Any behavior that is not acceptable (e.g., trolling, flaming, or any other aggressive or counterproductive behavior) may be reported to the Dean of Students.

University Policies and Procedures

Students with Disabilities (ADA Compliance)

The University of North Texas at Dallas makes reasonable academic accommodations for students with disabilities. Students seeking accommodation must first register with the Disabilities Services Office (DSO) to verify their eligibility. If a disability is verified, the DSO will provide you with an accommodation letter to be delivered to faculty to begin a private discussion regarding your specific needs in a course. You may request accommodation at any time, however, DSO notices of accommodation should be provided as early as possible in the semester to avoid any delays in implementation. Note that a student must obtain a new letter of accommodation for every semester and must meet/communicate with each faculty member prior to implementation in each class. Students are strongly encouraged to deliver letters of accommodation during faculty office hours or by appointment. Faculty members have the authority to ask students to discuss such letters during their designated office hours to protect the privacy of the student. For additional information see the Disability Services Office website at http://www.untdallas.edu/disability. You may also contact them by phone at 972-338-1777; by email at UNTDdisability@untdallas.edu on the first floor of the Student Center.

<u>Canvas Instructure Accessibility Statement:</u>

Academic Integrity

Academic integrity is a hallmark of higher education. You are expected to abide by the University's code of Academic Integrity policy. Any person suspected of academic dishonesty (i.e., cheating or plagiarism) will be handled in accordance with the University's policies and procedures. Refer to the UNT Dallas Academic Integrity Policy in the appropriate Catalog at http://dallascatalog.unt.edu.

Academic dishonesty includes, but is not limited to, cheating, plagiarizing, fabrication of information or citations, facilitating acts of dishonesty by others, having unauthorized possession of examinations, submitting work of another person or work previously used without informing the instructor, or tampering with the academic work of other students.

<u>Web-based Plagiarism Detection</u>: Please be aware in some courses, students may be required to submit written assignments to Turnitin, a web-based plagiarism detection service, or another method. If submitting to Turnitin, please remove your title page and other personal information.

Applied English Program's AI Policy

The UNT-Dallas Applied English program acknowledges the evolving capabilities of Artificial Intelligence (AI) technologies and their various effects on student writing and content creation. The program and the Department of Languages, Linguistics, and Rhetoric is focused on implementing AI-Aware strategies and fostering an environment that emphasizes the ethical and strategic use of AI. Instructors are encouraged to provide clear information, strategies, and policies on AI use in each course and assignment, and students are expected to use AI in an ethical manner. The Applied English program will work at creating an environment of instructor-student-technology collaboration as we move forward in a society where students must learn how to critically harness the capabilities of new technologies.

Classroom Etiquette

Students are encouraged to contribute their perspectives and insights to class discussions. However, offensive & inappropriate language (swearing) and remarks offensive to others of nationalities, ethnic groups, sexual preferences, religious groups, genders, or other ascribed statuses will not be tolerated. Disruptions which violate the Code of Student's Rights, Responsibilities, and Conduct will be referred to the Dean of Students as the instructor deems appropriate (UNTD Policy 7.001 found at https://untsystem.policytech.com/dotNet/documents/?docid=1278&public=true).

Classroom Disruption

Students are expected to always engage with the instructor and other students in this class in a respectful and civil manner to promote a classroom environment that is conducive to teaching and learning. Students who engage in disruptive behavior will be directed to leave the classroom. A student who is directed to leave class due to disruptive behavior is not permitted to return to class until the student meets with a representative from the Dean of Students Office. It is the student's responsibility to meet with the Dean of Students before class meets again and to provide the instructor confirmation of the meeting. A student who is directed to leave class will be assigned an unexcused absence for that class period and any other classes the student misses because of not meeting with the Dean of Students. The student is responsible for material missed during all absences, and the instructor is not responsible for providing missed material. In addition, the student will be assigned a failing grade for assignments, quizzes or examinations missed and will not be allowed to make up the work.

The Code of Student's Rights, Responsibilities, and Conduct (UNTD Policy 7.001 found at https://untsystem.policytech.com/dotNet/documents/?docid=1278&public=true) describes disruption as the obstructing or interfering with university functions or activity, including any behavior that interferes with students, faculty, or staff access to an appropriate educational environment. Examples of disruptive behavior that may result in a student being directed to leave the classroom include but are not limited to: failure to comply with reasonable directive of University officials, action or combination of actions that unreasonably interfere with, hinder, obstruct, or prevents the right of others to freely participate, threatening, assaulting, or causing harm to oneself or to another, uttering any words or performing any acts that cause physical injury, or threaten any individual, or interfere with any individual's rightful actions, and harassment. You are encouraged to read the Code of Student's

Rights, Responsibilities, and Conduct for more information related to behaviors that could be considered disruptive.
