Dr. Warren Von Eschenbach
President

Message From the Chief of Police

Our mission is to reduce crime and the fear of crime by ensuring a safe environment for everyone. This means providing our officers and staff with the finest training, equipment, and leadership, and partnering with the campus community to achieve our safety and security goals. I encourage you to use this report to advocate for your own personal safety and to assist us in keeping the University of North Texas at Dallas safe. We welcome your input and value your concerns for making our community a safer place to live, study, and work.

Christopher Shaw
Chief of Police

The Clery Act

The Clery Act:

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) is a federal law requiring higher education institutions that participate and are eligible for Federal Student Aid to report and disclose campus crime statistics and security policies. Enforced by the U.S. Department of Education, noncompliance may result in financial penalties and suspension from federal aid programs.

Enacted in 1990, the Clery Act was named in memory of Jeanne Clery, a female student tragically raped and murdered in her residence hall at Lehigh University in 1986. Driven by advocacy from her parents, the Clery Act ensures transparency and safety by providing students, parents, and employees with critical information about campus crimes.

Compliance with the Clery Act

The University of North Texas at Dallas (UNT Dallas) complies with the federal Clery Act by maintaining transparency and prioritizing campus safety. The university issues timely warnings for crimes that may pose a threat to students and employees, ensuring the community remains informed. Campus security policies are publicly accessible on the university's website, and UNT Dallas compiles and publishes the Annual Security and Fire Safety Report (ASFR) each year. This report, which includes crime and fire safety statistics, is distributed to the campus community and submitted annually to the U.S. Department of Education.

To be in full compliance with Annual Security and Fire Safety Report (ASFR), UNT Dallas must do the following:

Publish and distribute by October 1 each year to all current students, prospective students, and employees with information that must include:

- Crime statistics for the past three years.
- Campus safety and security policies.
- Campus crime prevention programs.
- Procedures for investigating and prosecuting sex offense allegations.

Timely Warnings

- Issue warnings for crimes that pose a threat to student or employee safety.

Crime Log

- Maintain and make available a 60-day crime log of all reported incidents.

Missing Student Notifications

- Disclose policies and procedures related to missing students.

2025 Annual Security and Fire Safety Report

Fire Safety Information

- Report fire safety policies and statistics for on-campus student housing facilities.

VAWA (Violence Against Women Act) Amendments

- Ensure expanded rights and protections for survivors of:
 - Sexual assault
 - Domestic violence
 - Dating violence
 - Stalking

This report contains information about campus crime statistics for UNT Dallas and UNT Dallas College of Law (COL). The safety and security of all members of the university community are of paramount concern. Members of the campus community are encouraged to use this report as a guide for safe practices on and off campus, detailed information regarding crime prevention, fire safety, law enforcement authority, crime reporting policies, disciplinary procedures, and other areas of security and safety on campus. To ensure transparency and accessibility, the report is made available online each year at: <https://www.untDallas.edu/police/public-information/clery.php>.

Prospective employees and students are informed about the availability and location of the Annual Security and Fire Safety Report (ASFR) during the online application process. The report is prepared each year in cooperation with the UNT Dallas Police Department (UNT Dallas PD), Title IX, Student Affairs, Human Resources, and local law enforcement agencies. Each of these entities contributes current information about their safety and security programs, educational efforts, and resources.

As part of the annual preparation process, UNT Dallas sends a written request to all Campus Security Authorities (CSAs) for information on crimes that occurred within UNT Dallas's Clery Geography, which includes the City of Dallas, Dallas County, and the College of Law (COL). In addition, UNT Dallas allows individuals to report crimes on a confidential, voluntary basis so those incidents may be included in the annual disclosure of crime statistics.

Reports of criminal activity given to CSAs and crime reports made to local law enforcement agencies are requested and included in the ASFR as required by the Clery Act.

CSA means an individual with responsibility for campus safety and security. This includes campus police; individuals who are responsible for monitoring buildings or university grounds or with similar security responsibilities who are not part of campus police; individuals or organizations specifically identified to receive reports of criminal offenses; and university officials, including but not limited to all deans, directors, department chairs, student housing, student conduct, Athletics, Title IX coordinator, fraternity and sorority life staff, survivor advocates, ombudsperson, and advisors to student organizations.

2025 Annual Security and Fire Safety Report

Preparation of the Annual Security and Fire Safety Report

The Office of Compliance and Integrity partners with the UNT Dallas Clery Compliance Team. This team is made up of individuals from UNT Dallas PD, COL, Title IX Coordinator, Human Resources (HR), Risk Management, Information Technology, TRIO, and the Dean of Students.

The UNT Dallas Chief Compliance Officer, who serves as the chair of the team, is responsible for requesting and collecting annual crime and fire statistics, as well as drafting and preparing the report for review approval, and publication. The ASFR is reviewed by UNT Dallas administrators, leadership, and the Office of General Counsel. UNT Dallas coordinates the collection and reporting of crime statistics as specified in the Clery Act. Collection efforts include the number of all reported or alleged offenses, without regard to the findings of a court, jury, or prosecutor. All UNT Dallas campus and COL campus crime statistics for 2024 are reported to the U.S. Department of Education. In addition, this ASFR addresses the Violence Against Women Act (VAWA) amendments to the Clery Act. VAWA expanded the rights afforded to campus survivors of sexual assault, domestic violence, dating violence, and/or stalking.

UNT Dallas disseminates a Notice of Availability to the ASFR to all currently enrolled students, faculty, and staff via email with a direct link: <https://www.untDallas.edu/police/public-information/clery>. The ASFR is also available to view on the UNT Dallas PD website at <https://www.untDallas.edu/police>.

UNT Dallas provides prospective students with a Notice of Availability on admissions websites, as well as to prospective employees on employment websites.

The ASFR has detailed information about crime prevention, fire safety, law enforcement authority, crime reporting policies, and disciplinary procedures. The ASFR includes crime statistics for the immediate previous three years, UNT Dallas policies on safety and security measures, crime prevention programs, and procedures to be followed in the investigations and prosecution of alleged sex offenses.

UNT Dallas provides annual guidance to employees who are most likely to receive reports of criminal activity. These "designated campus officials" are required to immediately inform the UNT Dallas PD of reports of certain crimes that might have occurred on university property, premises or property that is immediately adjacent. A letter is sent to assigned designated campus officials requesting information about various crimes that were reported throughout the year. The UNT Dallas PD follows up on all reports of criminal activity under its jurisdiction.

A process is in place to report crime statistics disclosed confidentially during a session with a mental health or medical provider. Reports of criminal activity given to designated campus officials, anonymous reports, and reports of crimes made to local law enforcement agencies are collected and included in the crime report as required by the Clery Act.

2025 Annual Security and Fire Safety Report

The ASFR is designed to provide health and safety information to students, prospective students, parents, employees, and prospective employees. All individuals are encouraged to report crimes or suspicious activity to the UNT Dallas PD (Founders Hall), located at 7400 University Hills Boulevard, Suite 135, Dallas, TX 75241, (972) 780-3000 or visit the UNT Dallas PD website at: www.untDallas.edu/police.

University of North Texas at Dallas Police Department Mission

The primary patrol jurisdiction of the UNT Dallas Police Department (UNT Dallas PD) extends to all buildings and properties owned or controlled by UNT Dallas. All UNT Dallas PD officers are fully commissioned peace officers and derive their law enforcement authority from the State of Texas from the Texas Education Code, Sec.51.212 and the Texas Code of Criminal Procedure, Title 1, Chapter 2, Art. 2.12: <http://www.statutes.legis.state.tx.us/Docs/ED/htm/ED.51.htm>.

UNT Dallas PD officers are commissioned peace officers of the State of Texas and have full law enforcement authority, including the power to enforce University policies as well as applicable local, state, and federal laws. The primary patrol jurisdiction of UNT Dallas PD includes all buildings and properties owned or controlled by UNT Dallas.

The UNT Dallas College of Law campus employs contract security personnel who provide non-sworn security services. Contract security personnel do not have arrest authority. Their responsibilities include monitoring campus facilities, reporting incidents, and contacting the UNT Dallas Police Department or local law enforcement when necessary. All criminal matters are referred to sworn law enforcement officers with arrest authority. Contract security personnel are authorized to enforce University policies and procedures on the College of Law premises.

2025 Annual Security and Fire Safety Report

The Daily Crime Log documents any crime that occurred within the UNT Dallas' jurisdiction that is reported to the UNT Dallas PD. This log includes the nature, date, time, and general location of each crime, and the disposition of the complaint, if known. The UNT PD also keeps a Daily Crime Log which is available for public inspection during normal business hours at the UNT Dallas PD Office (Founders Hall), 7400 University Hills Blvd., Suite 135, Dallas, TX 75241.

Carrying of Concealed Handguns and Other Firearms

UNT Dallas is committed to providing a safe environment for students, faculty, staff, and visitors, and to respecting the right of individuals who are permitted by law (the U.S. Constitution and Texas state law) to carry a firearm, (including individuals licensed to carry a handgun). Individuals who are licensed to carry handguns may do so on campus property except in locations and at activities prohibited by law or by this policy. All other firearms are expressly prohibited, regardless of whether the individual is a licensed holder. This policy does not apply to commissioned peace officers as defined in Article 2.12 of the Texas Code of Criminal Procedures. View the UNT Dallas Campus Carry policy at: <https://untsystem.policytech.com/dotNet/documents/?docid=1298&public=true>

If the alleged victim is deceased as the result of such crime or offense, the next-of-kin of such victim shall be treated as the alleged victim for purposes of this paragraph. Resources for victims of violent crimes may be obtained through the Dallas County District Attorney's Office at (214) 653-3600.

2025 Annual Security and Fire Safety Report

2025 Annual Security and Fire Safety Report

Protecting Minors on Campus

Texas State Law requires anyone who suspects child abuse or neglect to report those suspicions to the Texas Department of Family and Protective Services (DFPS) or law enforcement. Any individual who has reason to believe that a child's physical or mental health or welfare has been adversely affected by abuse or neglect by another individual must immediately report the suspected abuse or neglect. This obligation applies to all members of the university community, including faculty, administrators, staff and even students. In addition, there are special reporting obligations for certain employees defined as licensed professionals including, "teachers, nurses, doctors, day care employees, and employees of a clinic or health care facility that provides reproductive services" have a specific duty to make a report not later than 48 hours after suspecting that a child has been or may be abused or neglected or that the child is the victim of the offense of indecency with a child.

A "child" is an individual under 18 years of age. Neither Texas State Law nor any UNT Dallas policy allows individuals to delegate the duty to report child abuse or neglect. Reporting to another individual, UNT Dallas Official, or to the UNT Dallas Compliance Hotline does not satisfy the reporting requirement. Any individual who knowingly fails to report suspected child abuse or neglect commits a Class A Misdemeanor, which is punishable by up to one year in jail and/or a fine of up to \$4,000.

Missing Persons

Students who reside in university housing and are believed to be missing should be reported immediately to UNT Dallas PD.

Reporting a Missing Student

Any individual who believes a student may or could be missing should contact UNT Dallas PD or a CSA. If a missing individual is reported to a CSA, the CSA will immediately contact the UNT Dallas PD. If a student who resides in university housing is reported missing, a missing individual report should be filed with the UNT Dallas PD. The National Child Search Assistance Act allows police to report missing individuals under 21 years of age to the National Crime Information Center and begin an investigation as soon as a missing individual report is received. If you receive reliable information that a student cannot be located, please call UNT Dallas PD immediately on (972) 780-3000.

2025 Annual Security and Fire Safety Report

Registering Information

Students who reside in on-campus housing have the option to designate a confidential contact person to be notified in the event they are determined to be missing. At the time students are informed of this option, they are advised that the information they provide will be maintained confidentially, will be accessible only to authorized campus officials, and will not be disclosed except to law enforcement personnel in furtherance of a missing person investigation.

Students are advised that, in the event a student under 18 years of age and not emancipated, UNT Dallas must notify a custodial parent or guardian within 24 hours of the determination that the student is missing. Students are also advised that, in addition to notifying any additional contact person designated by the student. Students are advised that, for all missing students, UNT Dallas will notify the local law enforcement agency within 24 hours of the determination that the student is missing, unless the local law enforcement agency was the entity that made the determination that the student is missing.

Procedures

An official Missing Person Report will be prepared and immediately delivered to campus police any time a resident student is determined to have been missing for more than 24 hours. Residence Life staff will notify the Dean of Students.

If UNT Dallas PD determines that a student who is the subject of a Missing Person Report has been missing for more than 24 hours and has not returned to campus or if a student who resides in an on-campus student housing facility is determined to have been missing for 24 hours the following procedures will be followed:

1. If the student has designated a contact person, notify that contact individual within 24 hours.
2. If the student is under 18 years of age and is not emancipated, notify the student's custodial parent or guardian and any other designated contact individual within 24 hours.
3. Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, inform the local law enforcement agency that has jurisdiction in the area that the student is missing within 24 hours.
4. In addition to registering an emergency contact, every student residing in campus housing has the option to identify, confidentially, an individual to be contacted by the University in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, the University will notify that individual no later than 24 hours after the student is determined to be missing.

Emergency Preparedness and Response

The UNT Dallas PD annually updates plans and procedures, in cooperation with UNT Dallas Risk & Emergency Management Department, the Campus Emergency Response Team (CERT), and the Campus Emergency Management and Recovery Team (CEMART), for emergency response and

2025 Annual Security and Fire Safety Report

recovery for the campus community. Emergencies that may occur include, but are not limited to, the following:

- Bomb threat
- Campus violence/Active shooter
- Civil unrest
- Explosion
- Fire (localized building fire or wildfire)
- Gas leak
- Hazardous material spill
- Public health crisis
- Severe weather
- Terrorist incident

The UNT Dallas PD, in cooperation with Risk Management, conducts tests of emergency response and evacuation procedures, at least annually, through drills and exercises to assess and evaluate emergency plans and capabilities. Emergency notification systems are assessed annually. Exercises include tabletop, functional, full-scale, or a combination thereof. Tests may be announced in advance or unannounced to the campus community. Each test is documented, including a description of the exercise, date, and time, and whether it was announced or unannounced.

Risk Management and the UNT Dallas PD use outreach programs to train and educate the campus community regarding proper response to hazards. Additionally, the UNT Dallas PD annually publicizes emergency response and evacuation procedures in conjunction with a test (exercise and drill) that meets all the requirements of the Higher Education Opportunity Act to the UNT Dallas and COL communities. This publicity occurs primarily through multiple “blast” emails sent to employees and students throughout the year. Emergencies requiring Fire Department/EMS (Emergency Medical Services) responses are provided by the City of Dallas.

The UNT Dallas Emergency Management Plan is constructed to mitigate, prepare for, and respond to emergencies, as well as to minimize the impact of natural and human-caused crises, should they occur. The management practices contained in the plan have the potential to speed recovery, as well. The plan was developed by a diverse group of administrators, law enforcement officers, faculty, student services, communications professionals, and representatives from partner organizations, such as the City of Dallas.

The UNT Dallas Emergency Management Plan is available online at:

2025 Annual Security and Fire Safety Report

Jaguar Alert System

The UNT Dallas PD maintains an emergency alert system with different methods of notification, all of which follow under the single title of “Jaguar Alert System” (JAS). Those methods of notification include primary and secondary means of issuing emergency communications:

Primary Communications	Secondary Communications
<ul style="list-style-type: none">▪ Phone▪ Email▪ SMS/Text▪ University Website	<ul style="list-style-type: none">▪ Television▪ Radio▪ Voiceover Fire Alarm▪ Press Release/Press Conference▪ UNT Dallas official Social Media pages

The Chief of Police or one of the following designates will initiate emergency communication on any of the primary or secondary communication methods.

- President
- Provost
- Chief Operating Officer
- Vice President of Enrollment Management and Student Affairs
- Chief Compliance Officer
- Highest ranking Supervisor or officer on duty

Regardless of which methods are used to alert the recipient, all official announcements of emergencies and warnings will come under the above title, followed by a concise description of the event in the subject line (*e.g.*, Jaguar Alert: Tornado Warning).

Notification content is based on standard communication message templates outlined below. All templates are applicable for both primary and secondary communication methods.

All faculty, staff, and students of UNT Dallas are notified at numbers and e-mail addresses entered at the time of employment or registration. Faculty, staff, and students can edit their information and are responsible for maintaining their contact information using myUNTD.

Emergency communications will take place through both “primary” and “secondary” channels, based on the speed at which the message needs to be communicated, as well as the intended audience. Most students will receive notices through the JAS via phone, cell phone, SMS/Text Message, and e-mail. Jaguar Alerts will notify students of the type of emergency, location, time, and what actions should be taken.

Timely Warnings

The UNT Dallas PD provides timely warning notices to the campus community when a Clery crime is reported to have occurred on or within the UNT Dallas Clery Geography, (On campus, Public Property, and Non-Campus), that, in the judgement of the Chief of Police, or designee, constitutes a serious or continuing threat to students or employees. These warnings will contain the following information:

- Addresses the crime
- Promotes safety
- Aids in the prevention of similar crimes

Timely warnings will be distributed without any personally identifying information of reporting parties or victims. UNT Dallas PD will distribute timely warnings for the following:

Timely Warnings are typically issued for the following Uniform Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) crime classifications:

- Murder/Non-Negligent Manslaughter
- A string of Burglaries or Motor Vehicle Thefts that occur in proximity to one another.
- Aggravated Assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case-by-case basis to determine if the individual is believed to be an ongoing threat to the larger UNT community).

2025 Annual Security and Fire Safety Report

- Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Timely Warning Notice but will be assessed on a case-by-case basis).
- Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount of information known by the Chief of Police or designee. In cases involving sexual assault, they are often reported long after the incident occurred, thus, there is no ability to distribute a “timely” warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.
- Major incidents of Arson
- Other Clery crimes as determined necessary by the Chief of Police, or his or her designee in his or her absence.

Clery Act Crimes that are reported to have occurred and are considered a serious or continuing threat to students or employees:

- Aggravated assault
- Arson
- Burglary
- Manslaughter by negligence
- Motor vehicle theft
- Murder/non-negligent manslaughter
- Robbery
- Sex offenses (rape, fondling, incest or statutory rape)
- Domestic violence/dating violence/stalking
- Violations of liquor laws, drug laws, or weapons possession laws; and
- Any criminal offense manifesting evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim. Bias categories include race, gender, gender identity, religion, disability, sexual orientation, ethnicity, or national origin.

Decisions concerning whether to issue a timely warning will be made on a case-by-case basis using the following criteria:

- Nature of the crime
- Current and continuing danger to the campus; and
- Risk of compromising law enforcement efforts.

The UNT Dallas Chief of Police or designee reviews all reports to determine if there is an ongoing threat to the community and if the distribution of a timely warning is warranted.

Timely Warning Notices are typically written and distributed by the Chief of Police, or designee and will be distributed as soon as pertinent information is available, in a manner that withholds the names of victims as confidential, and with the goal of aiding in the prevention of similar occurrences.

2025 Annual Security and Fire Safety Report

Timely warnings may also be posted for other crime classifications and locations, as deemed necessary. These crimes are normally reported directly to the UNT Dallas PD; however, sometimes they are reported to local law enforcement agencies or CSAs. Based on the circumstances of the crime alert, bulletins may be sent to campus and local newspapers, posted on campus bulletin boards, electronic monitors, or other appropriate locations, and sent out on campus e-mail. The institution is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

Active Shooter

Campus violence encompasses actions taken by an individual or group of individuals with the intent of injuring themselves or others. Instances of campus violence nationwide are on the rise. Because the intent of a perpetrator of campus violence is to harm others, their actions typically result in casualties. Damage to facilities from campus violence is rare, but institutional impact, including damage to the mental state of the community, is often severe. UNT Dallas PD conducts Active Shooter training to ensure effective response and recovery.

Emergency Notification

Upon confirmation of an emergency or dangerous situation involving an immediate threat to the life, safety, or security of the campus community occurring on campus, the UNT Dallas PD will, without delay, and taking into account the safety of the community, determine the content of emergency notification messages and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities (including but not limited to: UNT Dallas PD, and/or Dallas Fire Department), compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. Examples of emergencies and dangerous situations that could necessitate issuance of an emergency notification message include:

- Major building fire or approaching wildfire
- Public health crisis
- Approaching severe weather (e.g., tornado)
- Gas leak
- Terrorist incident
- Campus violence
- Bomb threat
- Civil unrest
- Explosion

2025 Annual Security and Fire Safety Report

- Nearby hazardous material spill

The following campus officials have been designated to serve as authorized officials who are empowered to approve and develop the content and issuance of emergency notifications:

- President
- Provost
- Chief Operating Officer
- Chief of Police
- Vice President of Student Affairs & Enrollment Management
- Assoc. VP of Marketing and Communications
- Director of Risk Management
- Police Officer on duty

Confirmation

Confirmation means that a UNT Dallas official(s) has verified that a legitimate emergency or dangerous situation exists. However, this does not necessarily mean that all the pertinent details are known or are even available. Depending on the situation, confirmation may be achieved from one or more of the following sources:

- Investigation by UNT Dallas PD;
- Investigation by other UNT Dallas campus units, including but not limited to Facilities (in cooperation with UNT Dallas Risk Management);
- Dallas County Emergency Services and/or Fire Department;
- Texas Department of State Health Services;
- Media reports originating from the incident scene; and
- Personal knowledge or observation

The authorized official will determine, consulting with other campus officials as appropriate, how much information is appropriate to disseminate at different points in time. This determination will be based on the following:

- Nature of incident or threat;
- Location of the incident or threat; and
- Segment to be notified.

Depending on the circumstances, UNT Dallas PD may send emergency notification messages to the entire campus community or only a segment of the population. If a confirmed emergency appears likely to affect a limited segment of the campus community, emergency notification messages may be limited to that group. If the potential exists for an exceptionally large segment of the campus community to be affected by a situation or when a situation threatens the operation of the whole campus, then the entire campus will be notified. There will be a continuing assessment of the situation and additional segments of the campus community may be notified if the situation warrants such action.

2025 Annual Security and Fire Safety Report

The authorized official will, considering the nature of the threat and the population to be notified, choose the appropriate communication tool(s) to utilize. Emergency notifications will typically be sent through Jag Alert, email, UNT Dallas website, and/or social media. Fire Drills are conducted annually for both academic buildings and residential buildings.

The authorized official will approve the issuance of notification and either issue the notification message themselves or contact a trained user of the notification system to issue the message. Trained users include the Chief of Police, Lieutenants, Sergeants, and all Officers. As the event unfolds, information regarding the status of the emergency will be disseminated to the larger community as soon as possible by University Marketing and Communications in collaboration with UNT Dallas PD and/or other campus units. This information may come in the form of updates to e-mail. Jag Alert (via email, voicemail, and text), the UNT Dallas website, social media, and/or communications directly with the media, if necessary.

All students and employees are automatically enrolled in Jag Alert using the telephone numbers that were provided during the registration or hiring process. In case of an emergency, a message will be sent to each of these numbers. A student or employee may elect not to receive notifications from UNT Dallas. This preference must be submitted electronically or in writing and must be renewed at the start of each academic year. Jag Alert may be used to notify the campus community of severe weather, such as tornado warnings. The City of Dallas owns and operates outdoor warning sirens which notify residents of severe weather.

During an emergency evacuation, each instructor is responsible for the safe and orderly evacuation of their class. Instructors not in class should assist with any evacuation problems that may arise. It is the responsibility of the instructor to prevent panic, control traffic, and provide calm leadership.

The following guidelines are to be observed:

- Instructors should know the shortest route from the classroom to the nearest exit
- When the need to evacuate the building arises, the class should be directed to move to the nearest exit and at least fifty (50) feet away from the building to an area of safety; and
- Instructors should be the last to leave, closing the door after verifying all students are out of the classroom.

Additionally, as a public institution, UNT Dallas seeks to engage and be accessible to the larger community. To the extent that space is available, UNT Dallas welcomes individuals and groups not affiliated with the University to use certain UNT Dallas facilities provided there is not a conflict with scheduled University activities or events, and the proposed activity is compatible with the educational mission of the University.

UNT Dallas PD conducts routine patrols of campus buildings to evaluate and monitor security related matters. Security Considerations Used in the Maintenance of Campus Facilities

UNT Dallas PD works closely and promptly with Facilities Management to address burned out lights, malfunctioning doors, and other conditions that affect security.

Violence Against Women Act

UNT Dallas does not discriminate based on sex in its educational programs and sexual harassment and sexual violence are types of sex discrimination. Other acts can also be forms of sex-based discrimination and are also prohibited whether sexually based or not and include dating violence, domestic violence, and stalking. As a result, UNT Dallas issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus and when it is reported to a UNT Dallas official. UNT Dallas prohibits the offenses of domestic violence, dating violence, sexual assault and stalking and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the university community.

UNT Dallas procedures are in place that are sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges, as well as the availability of counseling, mental health resources, and community services in writing. Title IX may provide supportive measures, such as No Contact Orders, to prevent contact between a Complainant and an accused party in writing. Supportive measures are available regardless of whether the victim chooses to report the crime to law enforcement in writing.

Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, the university will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options. This is a court-ordered petition that prohibits contact between the impacted party and the accused. The decision to execute Protective Orders falls within the jurisdiction of the courts. To request changes to academic, living, transportation and/or working situations or protective measures, a victim should contact the Title IX Coordinator Larryisa Thomas at larryisa.thomas@untsystem.edu or titleix@untDallas.edu. If the victim wishes to receive assistance in requesting these accommodations, she or he should contact the Title IX Coordinator, Larryisa Thomas at larryisa.thomas@untsystem.edu or titleix@untDallas.edu.

Procedures for Reporting a Complaint of Sexual Misconduct

UNT Dallas has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges, as well as the availability of counseling, health, and mental health assistance. Referrals are made to other services on and/or off campus in addition to remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. UNT Dallas will make such accommodations, if the victim requests them, regardless of whether the victim chooses to report the crime to UNT Dallas PD or local law enforcement.

Students and employees should contact:

UNT Dallas Title IX Coordinator	972.338.1125
UNT Dallas PD	972.780.3000
UNT Dallas Dean of Students	972.338.1775

Preserving Evidence

In the State of Texas, evidence may be collected even if you choose not to make a report to law enforcement. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 120 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order.

2025 Annual Security and Fire Safety Report

Procedures Victims Should Follow if a Crime of Domestic Violence, Dating Violence, Sexual Assault and Stalking Occurs

In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to UNT Dallas hearing boards/investigators or police.

Although UNT Dallas strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim's choice whether to make such a report and victims have the right to decline involvement with the police. UNT Dallas will assist any victim with notifying local police if they so desire. UNT Dallas PD may also be reached directly by calling 972-780-3000 or 911 or in-person at 7400 University Hills Blvd: Founders Hall (Suite 131) Dallas, TX 75241. Additional information about the UNT Dallas PD may be found online at: <http://www.untdallas.edu/police>. The Dallas Police Department can also be reached by calling 911 or 214-671-4500. A report can be filed in person at 1999 E. Camp Wisdom Rd. Dallas, TX 75241. Additional information may be found online at: <https://dallaspolice.net/division/southcentral/welcome>

Making a report to law enforcement typically involves providing a detailed account of the incident to authorities. This process may include describing what happened, when and where the incident occurred, and any details about the perpetrator or witnesses, if known. Victims may also be asked to provide physical evidence, such as clothing or other items related to the incident, and may need to undergo a forensic medical examination to collect further evidence. Law enforcement officers will document the victim's statement and initiate an investigation, during which they may contact the victim for additional information or clarification. Throughout this process, victims have the right to have an advocate or support person present and can seek guidance to ensure they understand their rights and the steps involved.

The Sexual Assault Nurse Examiners (SANE) program is available at local hospitals in Dallas County. The nurse will perform the examination and stay with the survivor throughout the treatment process. These hospitals and law enforcement collaborate to provide service and care to survivors of sexual assault.

After an incident of sexual assault and domestic violence, the victim should consider seeking medical attention as soon as possible at:

Sexual Assault, Sexual Misconduct, Relationship Violence, and Stalking

Sexual Misconduct (including sexual assault, relationship violence, and stalking) is a violation of UNT Dallas policy, and the federal law Title IX of the Education Amendments of 1972. UNT Dallas strictly prohibits sexual misconduct, including the crimes of dating violence, domestic violence, sexual assault, and stalking, as defined for the purposes of the Clery Act.

As such, UNT Dallas issues this statement to inform the community of our comprehensive plan addressing sexual misconduct. Toward that end, UNT Dallas issues this statement of policy to inform the campus community of our programs to address domestic violence, dating violence, sexual assault, and stalking as well as the procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking, which will be followed regardless of whether the incident occurs on or off campus when it is reported to a UNT Dallas official.

If a student or employee experiences sexual misconduct, UNT Dallas has policies, procedures, and resources in place that provide support. Resources available to students include UNT DP, the UNT Dallas Title IX Coordinator and Deputy Title IX Coordinators, UNT Dallas Counseling & Dean of Students. Resources available to employees in the event of sexual misconduct include UNT Dallas PD, the UNT Dallas Title IX Coordinator and Deputy Title IX Coordinators, Human Resources, and the Employee Assistance Program.

In this context, UNT Dallas prohibits all sexual misconduct offenses and reaffirms its commitment to maintain a campus environment that emphasizes the dignity and worth of all members of the UNT Dallas community.

Sexual Offenses (Rape, Fondling, Incest, Statutory Rape)

UNT Dallas will, upon written request, disclose to the victim of a crime of violence, or a non-forcible sex offense, the report containing the result of any disciplinary proceeding conducted by UNT Dallas against a student who is the perpetrator of such crime or offense. If the victim is deceased because of such crime or offense, the victim's next of kin shall be treated as the victim regarding the dissemination of the report.

- The sexual assault victim may choose a pseudonym (fictitious name) and address to maintain the confidentiality, or a pseudonym will be assigned at the request of the victim.

The Title IX Coordinator (or their designee) will provide resources, on campus off campus or both, to include medical, health, to individuals who have been victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

Supportive Measures

The Title IX Coordinator may take administrative action to protect the complainant, the respondent, and any other individual against prohibited conduct or to ensure the prompt and efficient completion of an investigation. Supportive measures are not disciplinary in nature and must be consistent with

2025 Annual Security and Fire Safety Report

other UNT Dallas policies. Supportive measures may be initiated after consultation with the Title IX Coordinator, Provost Office, Human Resources, or the Dean of Students, as appropriate.

Supportive measures may include, but are not limited to, placing the employee who is accused of violating this policy on administrative leave with pay, temporarily modifying work schedules and assignments, and suspending business relationships. Supportive measures for students may include, but are not limited to, administrative directives for no contact, housing reassignments, and altered academic arrangements.

Safety Measures

The Title IX Coordinator, Dean of Students, and Human Resources can implement interim safety measures for students and employees who have been impacted by sexual misconduct, even if the students and employees have not filed a formal complaint. UNT Dallas can coordinate any reasonable arrangements and protective measures that are necessary for ongoing safety. The university will fully maintain privacy as much as possible.

- **Assistance in Reporting:** The Dean of Students or the Title IX Coordinator can assist in filing a complaint with the university conduct process and the appropriate law enforcement agencies against the individuals who caused harm. Students and employees will be notified of their options in writing.
- **No-Contact Order:** UNT Dallas can implement a No-Contact Order between the complainant and the respondent, which would prohibit contact between both parties through any means of communication. It also prohibits others from making contact on the parties' behalf. Students and employees will be notified of their options in writing.
- **Emergency Protective Order:** UNT Dallas can assist survivors in filing an Emergency Protective Order with the Dallas County District Attorney's office. This is a court-ordered petition that prohibits contact between the impacted party and the respondent. The decision to execute Protective Orders falls within the jurisdiction of the courts, but UNT Dallas will assist the survivor with resources such as the Genesis Shelter and Dallas Area Rape Crisis Center. Students and employees will be notified of their options in writing.
- **Living Arrangements:** UNT Dallas will assist in changing on-campus living arrangements to ensure safety and a comfortable living situation. Students and employees will be notified of their options in writing.
- **Academic Arrangements:** The Title IX Coordinator can assist in adjusting academic schedules, contacting instructors, providing access to academic support services, and advocating on the survivor's behalf. Students and employees will be notified of their options in writing.
- **Other Measures:** The Title IX Coordinator, Dean of Students, or Human Resources can coordinate reasonable arrangements to address the effects of violence, including connecting survivors to counseling, housing, health care, transportation arrangements, and other protective measures or support resources. Students and employees will be notified of their options in writing.

Rights of Victims and the Institution's Responsibilities for Orders of Protection, “No Contact” Orders, Restraining Orders, or Similar Lawful Orders Issued by a Criminal, Civil, or Tribal Court or by the Institution

UNT Dallas complies with the State of Texas law in recognizing orders of protection. Any person who obtains an order of protection from the State of Texas or any reciprocal state should provide a copy to UNT Dallas Police and the Title IX office. A complainant may then meet with UNT Dallas PD and Title IX Coordinator to develop a Safety Action Plan, which is a plan for campus police and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to, escorts, special parking arrangements, providing a temporary cellphone, changing classroom location, or allowing a student to complete assignments from home. The university cannot apply for a legal order of protection, a no contact order, or a restraining order for a victim from the applicable jurisdiction(s).

In addition, pursuant to section 51.284, of the Texas Education Code, UNT Dallas grants amnesty to students for conduct violations (e.g., underage drinking or illegal drug use) if the individual witnesses or is victimized by a sexual assault incident that occurred in connection with a violation of the Student

Code of Conduct.

1. UNT Dallas will not take disciplinary action against a student for the student's own misconduct that occurs at or near the time of a reported incident when the student:
 - a. Was the victim of, or a witness to, sexual misconduct, dating violence, domestic violence, or stalking; or
 - b. Reports suspected misconduct by another individual and the report is made solely to protect another's health, safety, or welfare.
2. Amnesty will be granted only when UNT Dallas determines the report is made in good faith. A good faith report occurs when the reporting student reasonably believes that the report of misconduct is true, and it is made without malice.
3. Amnesty will not be granted to a reporting student for the student's own participation in an act of sexual misconduct, domestic violence, dating violence, or stalking.

Prohibited University Conduct

UNT Dallas prohibits sexual assault, dating violence, and domestic violence (collectively called relationship violence), sexual exploitation, sexual harassment, sexual misconduct, stalking, and retaliation. UNT Dallas policies define what these terms mean for the purpose of determining if a person violated university policy. The definitions from the relevant policies are listed below. For these definitions, a Respondent means an individual or organization identified as possibly having engaged in conduct prohibited under UNT Dallas policy regardless of whether a formal complaint is made. A Complainant means an individual who may have been the subject of conduct prohibited under UNT Dallas policy regardless of whether the individual reports the conduct.

2025 Annual Security and Fire Safety Report

Consent: words or actions that show an active, knowing and voluntary agreement to engage in sexual activity. Consent cannot be obtained by force, coercion, manipulation, threats, or when an individual administers any substance to another person, without the other person's knowledge, that intentionally impairs the ability of the person to voluntarily consent. Consent is absent when the activity in question exceeds the scope of previously given consent. Consent may be revoked at any time.

Dating Violence: violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. It does not include acts covered under the definition of domestic violence.

Domestic Violence: includes felony or misdemeanor crimes of violence committed by a current or former spouse of the victim, or by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner; by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Retaliation: taking or attempting to take materially adverse action by intimidating, threatening, coercing, harassing, or discriminating against any individual for the purpose of interfering with any right or privilege secured by law or policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in, in any manner, an investigation, proceeding, or hearing under this policy and procedure. Retaliation also includes filing a complaint or other action against an individual for alleged violation of university policy unrelated to sexual harassment but arising out of the same facts or circumstances as a report of sex discrimination or sexual harassment, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX.

Sexual Assault: an offense that meets the definition of rape, fondling, incest, or statutory rape.

1. **Rape:** the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
2. **Fondling:** the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
3. **Incest:** sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

2025 Annual Security and Fire Safety Report

4. **Statutory Rape:** sexual intercourse with a person who is under the statutory age of consent.

Sexual Coercion: the use of manipulation or threat to force someone to engage in a sexual act.

Sexual Exploitation: taking non-consensual or abusive sexual advantage of an individual for the benefit or advantage of anyone other than the person being exploited. Examples of sexual exploitation include, but are not limited to, non-consensual video or audiotaping of sexual activity; undetected viewing of another's sexual activity or other types of sex-based voyeurism; the intentional removal of a condom or other prophylactic barrier during sexual activity without the consent of a sexual partner.

Sexual Harassment — State: "Sexual Harassment — State" or "State Sexual Harassment" means unwelcome, sex-based verbal or physical conduct that:

- In the employment context, unreasonably interferes with a person's work performance or creates an intimidating, hostile, or offensive work environment; or
- In the education context, is sufficiently severe, persistent, or pervasive that the conduct interferes with a student's ability to participate in or benefit from educational programs or activities at a postsecondary educational institution.

Sexual Harassment — Title IX: "Sexual Harassment — Title IX" or "Title IX Sexual Harassment" means conduct on the basis of sex that satisfies one or more of the following:

- Quid pro quo: An employee of the institution conditioning the provision of an aid, benefit, or service on an individual's participation in unwelcome sexual conduct;
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to education program or activity; or
- "Sexual assault," "dating violence," "domestic violence," or "stalking" as defined in this policy.

The Dean of Students, Human Resources and Title IX Coordinator can implement interim safety measures for students who have been impacted by sexual misconduct, even if the individual has not filed a formal complaint.

Stalking:

Engaging in a course of conduct directed at a specific person that would cause a reasonable person to—

- Fear for the person's safety or the safety of others; or
- Suffer substantial emotional distress.

For the purposes of this definition—

- Course of conduct means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means

2025 Annual Security and Fire Safety Report

follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person's property.

- Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.
- Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

To comply with the requirements of this section and Section 668.41 of VAWA, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Jurisdictional Definitions of Domestic Violence, Dating Violence, Sexual Assault and Stalking

- **Domestic Violence:** In the state of Texas, domestic violence is defined as an act committed by a member of a family or household against another member that results in physical harm, bodily injury, assault, or a threat that reasonably places the victim in fear of imminent harm. This includes dating relationships under Texas Family Code Sec. 71.004.
- **Dating Violence:** Texas defines dating violence as an act by an individual that is committed against a person with whom they have or have had a dating relationship and that is intended to result in physical harm, bodily injury, assault, or sexual assault, or that places the victim in fear of such harm. This is detailed under Texas Family Code Sec. 71.0021.
- **Sexual Assault:** In Texas, sexual assault is defined as intentional or knowing penetration of the sexual organ, anus, or mouth of another person without that person's consent, as outlined under Texas Penal Code Sec. 22.011. This includes rape, fondling, incest, and statutory rape.
- **Stalking:** Texas defines stalking as engaging in a course of conduct directed at another person with the intent to harass, annoy, alarm, abuse, torment, or embarrass them, and that would cause a reasonable person to feel fear or emotional distress. This is specified under Texas Penal Code Sec. 42.072.
- **Consent:** In Texas, consent in relation to sexual activity is the agreement by a person to engage in the sexual act. Consent cannot be given if the individual is underage, incapacitated by drugs or alcohol, unconscious, or coerced, as outlined in Texas Penal Code Sec. 22.011.

Reviewing Reports

The Title IX Coordinator will review all allegations of sexual misconduct. The Title IX Coordinator shall consult the Complainant of the alleged offense, if the individual's identity is known, before recommending supportive measures or before initiating an investigation. This consultation must include informing the Complainant that:

- They may file a criminal complaint with law enforcement officials at any time.
- UNT Dallas has an obligation to remediate reported misconduct and that an investigation may be conducted to determine whether a criminal complaint is filed.
- UNT Dallas can take measures to protect against continued misconduct and retaliation.
- Voluntary withdrawal of an allegation will not necessarily result in termination of an investigation and

2025 Annual Security and Fire Safety Report

- The Complainant should contact the Office of Equal Opportunity, Title IX Coordinator, or Dean of Students if retaliation is suspected.

A decision not to investigate a report shall be documented in writing and include the reason(s) for not investigating the allegation(s).

Investigating Reports

All allegations of relationship violence, sexual misconduct, relationship violence, and stalking that the Title IX Coordinator determines to be credible shall be investigated promptly. If the Complainant of the alleged offense asks UNT Dallas not to investigate or to delay investigating an allegation of relationship violence, sexual misconduct, or stalking, or asks that no disciplinary action be taken, or that the individual who allegedly violated the policy not be notified of the allegation, the investigating office shall consider the following factors:

- the seriousness/nature of the allegation;
- whether the alleged behavior or conduct presents a threat to individuals other than the individual who is making the request;
- whether UNT Dallas has received other reports of sexual misconduct committed by the alleged perpetrator(s);
- whether effective measures can be put in place to protect the individual against continued harm or retaliation;
- whether delaying an investigation could reasonably result in the destruction or deterioration of potential evidence to corroborate or refute the allegation; and
- any other information that has a reasonable bearing on the decision.

Individuals will be informed in writing if the request not to take or to delay action is not granted. The notice will include the rationale for the decision.

Will My Name Be in the Report?

When reporting to UNT Dallas PD, a victim may choose a pseudonym (fictitious name) and address to maintain confidentiality, or a pseudonym will be assigned by the UNT Dallas PD at the request of the victim; however, there is a possibility that courtroom testimony may be required if the case goes to trial.

When reporting to UNT Dallas (through Title IX Coordinator or the Dean of Students), a victim can request anonymity. UNT Dallas will evaluate all requests for anonymity in the context of its responsibility to provide a safe and non-discriminatory environment for all students and will respond to the victim with a decision on the request for anonymity. Reports of relationship violence, sexual assault, sexual misconduct, or stalking are maintained confidentially. Generally, however, anonymity will prevent the university from conducting a formal investigation because state and federal law require that individual respondent of sexual misconduct be apprised of all evidence against them, including the identity of their Complainant. If UNT Dallas investigates a report, the Complainant's identity will become known to the respondent. UNT Dallas strictly prohibits retaliation against any

2025 Annual Security and Fire Safety Report

person for making a complaint or participating in an investigation and can take interim measures to protect against retaliation.

Standard of Proof

UNT Dallas uses a preponderance of the evidence (more likely than not) standard as the amount of information necessary to establish whether a respondent committed relationship violence, sexual assault, sexual misconduct, or stalking.

Timeline and Notifications

Investigations will be completed within a reasonable time, keeping in mind the unique circumstances of each case. The Title IX Coordinator is responsible for investigating reports when the alleged offender is a member of the UNT Dallas Community. However, UNT Dallas cannot take investigative action against alleged offenders not affiliated with UNT Dallas.

The investigation will include a prompt, fair, and impartial investigation, and resolution process transparent to the Complainant and the respondent. The resolution of complaints of sexual misconduct is completed expeditiously as possible; however, the proceedings timeframe allows for extensions for good cause with notice to the Complainant and the respondent of the delay and the reason for the delay.

Officials are trained annually on the issues related to domestic violence, dating violence, sexual assault, and stalking and taught how to investigate in a manner that protects the safety of the victim and promotes accountability, impartiality, and equitability. They are trained continuously on collecting relevant evidence and how it should be used during proceedings; proper techniques for questioning witnesses; basic procedural rules for conducting a proceeding; and avoiding actual and perceived conflicts of interest, as well as UNT Dallas policies.

Formal Complaints

To begin the Grievance Process, the Complainant must sign a Formal Complaint (requesting an investigation) and submit it to the Title IX Coordinator.

Formal Complaint Dismissals

Mandatory Dismissal of Complaint: UNT Dallas, as required by Title IX, must dismiss a Formal Complaint or any allegations in the complaint, when the alleged conduct:

- Does not meet the definition of sexual harassment as defined in this policy;
- Did not occur in a UNT Dallas educational program or activity; or
- Did not occur against an individual in the United States.
- Discretionary Dismissal of Complaint: UNT Dallas may dismiss a Formal Complaint or allegation made under this policy:
 - Upon the Complainant's written request and delivery of the request to the Title IX Coordinator;
 - When the Respondent is an employee and no longer employed by UNT Dallas at the time the Formal Complaint is filed; or

2025 Annual Security and Fire Safety Report

- When specific circumstances prevent UNT Dallas from gathering sufficient evidence to reach a determination concerning the complaint or an allegation in the complaint.

Other Investigation: UNT Dallas may resolve an allegation of sexual harassment dismissed under Title IX under other UNT Dallas policies, including but not limited to the prohibition against sexual misconduct and retaliation; UNT Dallas Policy 5.002 Prohibition Against Discrimination, Sexual Misconduct, Harassment and Related Retaliation

<https://untsystem.policytech.com/dotNet/documents/?docid=1645&app=pt&source=browse&public=true> <https://untsystem.policytech.com/dotNet/documents/?docid=1278&public=true>

Notice of Dismissal: If UNT Dallas dismisses a Formal Complaint, the Complainant and Respondent will be notified in writing, including the reason(s) for the dismissal.

Concurrent Criminal or Civil Proceedings: UNT Dallas, at its discretion, may proceed with or delay the investigation or grievance process temporarily due to concurrent criminal or civil proceedings on a case-by-case basis.

Informal Resolution: After the Respondent and Complainant have been provided with a copy of the written notice of a Formal Complaint, both individuals may, in writing, voluntarily agree to resolve the complaint using the Informal Resolution process. Individuals may use the informal process at any point prior to the University reaching a determination regarding responsibility.

Investigation of Formal Complaints

The Investigator will provide written notice to the Complainant, Respondent, or other individuals who may have information about an allegation in the Formal Complaint when the individual is invited or expected to participate in the process. The notice must inform the individual of the date, time, location, participants, and purpose of the meeting or other proceedings.

Access to Evidence

Prior to the completion of the investigation report, the investigator must send the Respondent and Complainant and their advisor as designated access to the evidence obtained that is directly related to the allegations in the Formal Complaint, including inculpatory and exculpatory information and other evidence, upon which the investigator does not intend to rely in reaching a determination regarding responsibility. The individuals will have 10 days to inspect, review, and respond to the evidence. Response to the evidence may be submitted verbally or in writing. The investigator will consider all timely responses.

Completed Investigation Report

The complete investigation report will outline each of the allegations that if true would constitute prohibited conduct under this policy, provide the timeline (i.e., procedural steps) of the investigation, and fairly summarize relevant evidence, participant statements, and responses to questions. The investigator will provide a completed investigation report concurrently to the individuals and their advisors at least 10 days prior to the date of the scheduled hearing for review and a written response.

2025 Annual Security and Fire Safety Report

A copy of the completed investigation report will be issued to the Title IX Coordinator and to the Hearing Officer assigned for the hearing for distribution to the Hearing Panel.

Live Hearing – Determination of Responsibility

Absent a dismissal of a Formal Complaint: UNT Dallas will provide a Live Hearing, as outlined in this policy, to resolve the allegations.

Notice of the Hearing: UNT Dallas will provide at least 10 days written notice to all participants of the hearing, including the date, time, location, names of all participants, purpose of the hearing, a statement of the allegation(s), and a summary of the evidence gathered.

Advisor: Each party may have an advisor of their choice at the hearing. If a party does not have an advisor, UNT Dallas will provide one at no cost to the party. Advisors are not permitted to actively participate in the hearing, except for asking relevant questions of the other party and any other witnesses.

Access to Evidence: Respondent and Complainant will be provided with all evidence from the investigation and a copy of the completed investigation report at least 10 days prior to the hearing.

Separate Rooms and Virtual Participation: Complainant or Respondent may request a separate room during the hearing. UNT Dallas will provide technology enabling the individuals to simultaneously see and hear the other participants throughout the proceedings.

The hearing will be conducted by a panel consisting of three members: a Hearing Officer and two Hearing Panelists, selected by the Title IX Coordinator or a designee. Individuals with a general or specific conflict of interest or bias toward or against the Complainant, Respondent, or witness will be disqualified from participating in the Hearing Panel. The Hearing Panel will objectively evaluate all evidence, both inculpatory and exculpatory, and determine the credibility of witnesses and evidence without bias toward the Complainant, Respondent, or any witness. The determination of responsibility or non-responsibility must be by majority vote of the panel members.

Challenges to the Hearing Panelists: Respondent and Complainant may challenge the fairness, impartiality, or objectivity of any member assigned to serve.

Hearing Officer Duties at the Hearing: Hearing Officers will decide all questions and objections concerning procedural matters and evidence, including the relevance of exhibits and testimony. Hearing Officers may call and question participants who testify at the hearing. Hearing Officers may consult the UNT System Office of General Counsel concerning the hearing. Each party may make an opening and a closing statement.

Questioning of the Participants in the Hearing: Hearing Officers may ask questions during the hearing of any party or witness and may be the first individual to ask questions of any party. Respondent and Complainant are not permitted to ask questions directly of the other party or any witnesses during

2025 Annual Security and Fire Safety Report

the hearing. Each party's advisor will have an opportunity to ask relevant questions and follow-up questions of the other party and of any witnesses, including questions challenging credibility.

Information that is Not Relevant: Privileged Information: Information that is confidential under a legally recognized privilege, including attorney-client and medical information, is not relevant and will not be permitted at the hearing or considered in making a determination of responsibility. The parties and witnesses are not required to disclose information protected under a legally recognized privilege and the parties may not ask any participant questions related to privileged information, unless the individual waives the privilege in writing. Any waivers of privilege must be submitted to Hearing Officers before a party asks the witness questions related to the information.

Prior Sexual History: A Complainant's sexual predisposition or prior sexual behavior is not relevant except where questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the alleged conduct or if the questions or evidence concern specific incidents of the Complainant's prior sexual behavior with the Respondent and are offered to prove consent.

Determination of Responsibility: The Hearing Panel will make a determination of responsibility for all allegations in the Formal Complaint.

The Hearing Officers will send a copy of the written determination concurrently to both parties, which will include information about the appeal process, in addition to the Dean of Students (for student Respondents); Provost (for faculty respondents) or divisional Vice President and Director of Human Resources (for employee Respondents), and the Title IX Coordinator.

The hearing will be recorded in audio or audiovisual format and may be transcribed at the discretion of UNT Dallas. The recording or transcript will be available for the parties to inspect and review, upon request.

Appeals and Additional Processes

Either party may appeal the determination of responsibility or the decision to dismiss a Formal Complaint or any allegations in the Formal Complaint. The appeal must be submitted in writing within 10 days of notice of the written determination.

The Appellate Officer must not be the same individual as the Title IX Coordinator, investigator(s), or Hearing Officer in the Grievance Process. Both parties will be notified in writing when an appeal is filed, and the appeal procedures will apply equally for both parties.

Any non-appealing party will have seven (7) days from the notification of an appeal to submit a written statement in support of the outcome. The decisionmaker on the appeal will release a written decision within 28 days from the date of the appeal.

The Appellate Officer will provide the parties with a written decision within 28 days from the date of the appeal.

2025 Annual Security and Fire Safety Report

Resolution of the Complaint/Possible Sanctions

Upon completion of the investigation, the findings will be forwarded to the department head/director and the next highest administrative level who should consult with the appropriate Vice President and General Counsel prior to determining appropriate actions and/or sanctions. In cases involving UNT Dallas employees other than faculty (e.g., staff or administrators), Human Resources must be consulted. If the department head/director is the alleged offender, the findings will be forwarded to the next highest administrative level.

In cases involving visitors or individuals doing business with UNT Dallas, the findings will be forwarded to the UNT Dallas office who has the working relationship with the individual doing business with UNT Dallas, UNT Dallas PD and the Equal Opportunity Office for determination of appropriate action and/or sanctions. In cases of findings against a respondent, or in cases of a determination that a Complainant has made claims falsely and maliciously, sanctions may be imposed.

In all instances, the sanctions imposed must be reported to the Title IX Office for inclusion in the official record of the investigation. Sanctions are disciplinary actions imposed on an individual, which may include punishment or other corrective actions. Sanctions for UNT Dallas employees can range between reprimand, remediation, reassignment, ineligibility for pay raises, suspension, and dismissal, depending upon the severity of the offense. In some instances, the employee may be placed on leave of absence until final action is taken.

Sanctions imposed on students will follow the Student Code of Conduct. Investigations that result in a finding of more likely than not that a student committed relationship violence, sexual assault, sexual misconduct, or stalking will lead to imposition of sanctions against the student. Sanctions, including permanent no contact orders, removal from on-campus housing, conduct probation, suspension, and expulsion, may be imposed upon students determined to have committed relationship violence, sexual assault, sexual misconduct, or stalking. Students who receive the sanction of suspension or expulsion will have a notation on their transcript regarding this disciplinary status.

UNT Dallas sanctions for violations of its policy on discrimination (including sexual harassment) may include any disciplinary action, up to and including termination of employment for faculty, staff, and student employees or the dismissal of students.

Civil Discrimination: Illegal under federal and state law. Official governmental investigations by the Equal Employment Opportunity Commission, the Texas Commission on Human Rights, and/or the Office of Civil Rights of the Department of Education may result in civil liability against UNT Dallas, and any individual found to have committed illegal discrimination.

Criminal: Sexual harassment by a public servant is a criminal offense under 39.03 of the Texas Penal Code. Depending on the severity of the acts, sexual harassment may also specifically include indecent

2025 Annual Security and Fire Safety Report

exposure, public lewdness, assault, or sexual assault under Chapters 21 and 22 of the Texas Penal Code.

False Charges: May result in disciplinary action against the Complainant by UNT Dallas or civil action against the Complainant by the respondent. An unsubstantiated charge is not considered “false” unless it is made with the knowledge that it is false. For students, sexual assault, domestic violence, dating violence, and stalking are violations of the Code of Student Conduct. Employees who violate this policy will be subject to discipline, up to and including termination of employment. Sexual assault, domestic violence, dating violence, and stalking are criminal acts which also may subject the perpetrator to criminal and civil penalties under federal and state law.

The Title IX Coordinator or their designee will determine whether interim interventions and supportive measures should be implemented, and, if so, take steps to implement those measures as soon as possible. These remedies may be applied to one, both, or multiple parties involved. Violations of the Title IX Coordinator’s directives and/or supportive measures will constitute related violations that may lead to additional disciplinary action. Supportive measures imposed may be temporary pending the results of an investigation or may become permanent as determined by UNT Dallas. Applicable law requires that, when taking such steps to separate the Complainant and the respondent, UNT Dallas must minimize the burden on the Complainant and thus should not, as a matter of course, remove the Complainant from their job, classes, or housing while allowing the respondent to remain.

The Federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the individual is employed, carries on a vocation, volunteer services, or is a student.

Education and Prevention Programs

UNT Dallas engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault and stalking that are:

- culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and
- consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

Educational programming consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students and employees that:

1. Identifies domestic violence, dating violence, sexual assault and stalking as prohibited conduct;
2. Defines using definitions provided both by the Department of Education as well as state law what behavior constitutes domestic violence, dating violence, sexual assault, and stalking;
3. Defines what behavior and actions constitute consent to sexual activity in the State of Texas and/or using the definition of consent found in the Student Code of Conduct.

In the state of Texas, consent to sexual activity is defined as a voluntary, mutually understandable agreement between all participants to engage in sexual contact. Consent cannot be obtained through force, threats, coercion, or from someone who is incapacitated due to drugs, alcohol, or other conditions. Furthermore, silence or a lack of resistance does not constitute consent, and a previous relationship or prior consent does not imply ongoing or future consent.

4. Provides a description of safe and positive options for bystander intervention. Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and acting to intervene.
5. Information on risk reduction. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.
6. Provides an overview of information contained in the ASFSR in compliance with the Clery Act.

UNT Dallas has developed an annual educational campaign consisting of presentations that include distribution of educational materials to new students, participating in and presenting information and materials during new employee orientation.

2025 Annual Security and Fire Safety Report

Response to Reports of Sexual Misconduct

If UNT Dallas has actual knowledge of sex discrimination or sexual harassment in an education program or activity committed against an individual in the United States, UNT Dallas will respond promptly and follow its grievance procedures in a manner that is not deliberately indifferent. As required by law, UNT Dallas will not restrict rights protected under the U.S. Constitution, including the First Amendment, Fifth Amendment, and Fourteenth Amendment.

Emergency Removal

UNT Dallas may remove a student on an emergency basis from UNT Dallas property or employment, education research program or activity, or other UNT Dallas programs and activities. Before imposing an emergency removal, UNT Dallas will undertake an individualized analysis of safety and risk for the campus community to determine whether the individual's presence in UNT Dallas program or activity poses an immediate threat to the physical health or safety of any individual. The individual will have 72 hours from the notice of Emergency Removal to submit a written challenge to the safety and risk analysis.

How to Obtain a Protective Order

Go to District Attorney's Office, with a valid Driver's License or Picture Identification of yourself, a copy of your final divorce decree (if applicable) and bring as much information about the individual you are filing against (Social Security number, Driver's License number, address, etc.)

Hours: Monday through Friday 8:00 AM - 12:00 PM. Allow about 4 hours. Tell the clerk you are there for a Family Violence Protective Order. The clerk will give you a long form (application) to fill out. You will need to know an address where he/she may reside or habitat to serve citation. Know the addresses to be protected (example: work, home, school, etc.) Describe the violent incident(s) - including any violence that may have happened to the children.

You will then talk to an Assistant District Attorney or Victim's Advocate to take your affidavit. If everything on your paperwork is correct and complete, a Temporary Order should be entered on your behalf in 7 - 14 days. A Temporary Order is enforceable by the police.

The Respondent (abuser) will be served papers within 14 days. These papers will order him/her to appear in court on a certain date. You and an Assistant District Attorney will appear before the Judge and have a hearing in which the Judge will determine whether family violence has occurred and whether it is likely to occur in the future.

If at the time of your hearing the Judge grants your Protective Order, it is police enforceable for the Protective Order not to exceed 2 years. The entire process usually takes at least 14 days.

You may re-file for another Protective Order after the 2-year expiration date only if the individual becomes threatening or physically violent with you again and has violated the Protective Order.

Note: A victim cannot give permission for his/her abuser to violate a Protective Order.

2025 Annual Security and Fire Safety Report

A Complainant may then meet with UNT Dallas PD to develop a Safety Action Plan, which is a plan for UNT Dallas PD and the victim to reduce the risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to, escorts, special parking arrangements, providing a temporary cellphone, changing classroom location, or allowing a student to complete assignments from home, etc.

UNT Dallas cannot apply for a legal order of protection, no contact order, or restraining order for a victim from the applicable jurisdiction(s). The victim is required to apply directly for these services in conjunction with local law enforcement. Protection from abuse orders may be available through filing an application for protective order with the clerk of the court. UNT Dallas may issue a no contact order if deemed appropriate or at the request of the victim or accused. To the extent of the victim's cooperation and consent, UNT Dallas offices will work cooperatively to ensure that the Complainant's health, physical safety, work, and academic status are protected, pending the outcome of a formal UNT Dallas investigation of the complaint.

Personal identifiable information about the victim will be treated as confidential and only shared with individuals with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the Complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20).) Further, UNT Dallas will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of UNT Dallas to provide the accommodations or protective measures.

UNT Dallas does not publish the name of crime victims nor house identifiable information regarding victims in the Dallas PD Daily Crime Log or online. Furthermore, if a Timely Warning Notice is issued on the basis of a report of domestic violence, dating violence, sexual assault or stalking, the name of the victim and other personally identifiable information about the victim will be withheld. Students may request that directory information on file be removed from public sources by request at: 972-780-3007

parties who believe themselves to be harmed by harassment or discrimination related to a protected characteristic.

Office of Compliance

The Office of Compliance and Integrity is responsible for oversight of UNT Dallas compliance and partners with key leaders in managing compliance risk. The program sets policy, conducts training, and performs investigations ensuring appropriate enforcement and corrective action. Investigations include possible regulatory and UNT Dallas policy violations such as: conflicts of interest and whistleblower complaints. The Office of Compliance and Integrity maintains the UNT Dallas Trust Line, allowing reports of possible fraud, abuse, and other misconduct to remain confidential and anonymous.

The Office of Compliance and Integrity assists all coaches, student-athletes, athletic department staff members, UNT Dallas faculty and staff, regarding compliance with rules applicable to intercollegiate athletics. In addition to educating these groups about applicable rules, the Office of Compliance and Integrity is responsible for monitoring, addressing, and investigating all potential violations of National Association of Intercollegiate Athletics and UNT Dallas rules and regulation governing athletics.

Active Bystander

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.” We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. If you or someone else is in immediate danger, dial 911. This could be when an individual is yelling at or being physically abusive towards another and it is not safe for you to interrupt. Below is a list of some ways to be an active bystander.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are okay.
2. Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another individual.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

Risk Reduction

The following are some strategies to reduce one’s risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org)

1. **Be aware** of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.

2025 Annual Security and Fire Safety Report

2. Try to **avoid isolated areas**. It is more difficult to get help if no one is around.
3. **Walk with purpose**. Even if you don't know where you are going, act like you do.
4. **Trust your instincts**. If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be.
5. **Try not to load yourself down** with packages or bags as this can make you appear more vulnerable.
6. **Make sure your cell phone is with you** and charged and that you have cash money.
7. **Don't allow yourself to be isolated** with someone you don't trust or someone you don't know.
8. **Avoid putting music headphones in both ears** so that you can be more aware of your surroundings, especially if you are walking alone.
9. **When you go to a social gathering, go with a group of friends**. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. **Trust your instincts**. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
11. **Don't leave your drink unattended** while talking, dancing, using the restroom, or making a phone call. If you leave your drink unattended, just get a new one.
12. **Don't accept drinks from people you don't know or trust**. If you choose to accept a drink, go with the individual to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from punch bowls or other open containers.
13. **Watch out for your friends, and vice versa**. If a friend seems out of it, is way too intoxicated by alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
14. **If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.)**. Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
 - a. **Remember that being in this situation is not your fault**. You did not do anything wrong; it is the individual who is making you uncomfortable that is to blame.
 - b. **Be true to yourself**. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
 - c. **Have a code word with your friends or family**. If you don't feel comfortable you can call them and communicate your discomfort without the individual you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
 - d. **Lie**. If you don't want to hurt the individual's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
16. **Try to think of an escape route**. How would you try to get out of the room?

2025 Annual Security and Fire Safety Report

17. **Where are the doors?** Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
18. **If you and/or the other individual have been drinking,** you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

Adjudication of Violations

Whether or not criminal charges are filed, UNT Dallas or an individual may file a complaint under the UNT Dallas policies alleging that a student or employee violated the Student Code of Conduct, Title IX policies, or related sexual misconduct policies. When a Complainant does not consent to the disclosure of his or her name or other identifiable information to the alleged perpetrator, UNT Dallas' ability to respond to the complaint may be limited. Individuals can file a complaint with the Title IX Coordinator at https://cm.maxient.com/reportingform.php?UNTDallas&layout_id=3

UNT Dallas Policy 5.002 Prohibition Against Discrimination, Sexual Misconduct, Harassment and Related Retaliation

In instances of alleged dating violence, domestic violence, sexual assault, and stalking UNT Dallas follows the procedures outlined in policy 5.002 Prohibition Against Discrimination, Sexual Misconduct, Harassment and Related Retaliation. This policy addresses how to file a disciplinary complaint and the process for how to handle that complaint. Additionally, this policy addresses sanctions that may be enacted on a finding.

Reports of all domestic violence, dating violence, sexual assault and stalking made to UNT Dallas PD will automatically be referred to the Title IX Coordinator for investigation regardless of if the Complainant chooses to pursue criminal charges.

The disciplinary process is consistent with UNT Dallas policy and will include a prompt, fair, and impartial investigation, and resolution process transparent to the accuser and the accused. Usually, the resolution of complaints of sexual misconduct are completed within 60 days of the report, however the proceedings timeframe allows for extensions for good cause with notice to the accuser and the accused of the delay and the reason for the delay.

2025 Annual Security and Fire Safety Report

Investigators, hearing panel members and appellate review authorities are trained annually on the issues related to domestic violence, dating violence, sexual assault, and stalking and taught how to conduct an investigation, hearing process and appeal review that protects the safety of the victim and promotes accountability.

The Student Code of Conduct provides the following:

1. The accuser and the accused student each have the opportunity to attend a hearing before a properly trained hearing panel that protects the safety of victims and promotes accountability.
2. The accuser and the accused will have timely notice for meetings at which the accuser or accused, or both, may be present.
3. UNT Dallas will allow for timely and equal access to the accuser, the accused, and appropriate officials to any information that will be used after the fact-finding investigation but during formal and informal disciplinary meeting and hearings;
4. UNT Dallas disciplinary procedures will not be conducted by officials who have a conflict of interest or bias for or against the accuser or the accused;
5. UNT Dallas provides the accuser and accused with the same opportunities to have an advisor present during a disciplinary proceeding. The accuser and the accused student each have the opportunity to be advised by a personal advisor of their choice, at any stage of the process and to be accompanied by that advisor at any meeting or proceeding. Smoking: Smoking and other tobacco products are prohibited from use at all times in UNT Dallas facilities. This includes offices, work areas, classrooms, or residential facilities.

Campus Building Evacuations and Fire Safety:

In the Event of a Fire

If you smell smoke or detect a fire, activate the nearest alarm, and call 911 immediately from a safe location on or off campus. Before opening any door, use the back of your hand to see if it is hot. If it is hot, leave it closed and stuff wet towels or clothes in the cracks and open a window. If the door is not hot, open it slowly and be prepared to close it quickly if necessary. Exit the building cautiously and carry a blanket or towel to protect you from flames and smoke. Do not use elevators. If you see or smell smoke in a hall or stairway, use another exit. If you have knowledge of what may have caused a building evacuation, please immediately notify UNT Dallas staff.

Evacuation Alarms

Evacuation is required of all occupants of UNT Dallas buildings whenever an alarm is sounded.

Specific procedures are:

- Exit the building immediately by the proper pathway.
- Lock your door and take your key if you are a resident and in your room at the time the alarm sounds.
- Use stairways, do not use the elevators.
- Once outside, move to your designated emergency assembly point. (Basketball Courts)
- Do not return to an evacuated building until the all-clear signal is given and permission is explicitly granted by a member of the Housing and Residence Life staff or a UNT Dallas PD officer.

Failure to evacuate an emergency alarm is a violation of city and state ordinances and will be treated as a serious violation of the Student Code of Conduct.

Fire alarms and fire-safety equipment are in each building to save lives and property. Initiating a false alarm or tampering with fire-safety equipment is a violation of UNT Dallas policy. Fire extinguishers are in the middle of each hallway on the East wall.

Fire Prevention

All students must maintain an obstruction-free evacuation route to all exits. The minimum clearance of the route must be 48 inches wide. Students must follow manufacturer guidelines when using power surge strips to ensure that they are not overloaded. Future improvements to the Fire & Life Safety Program include conducting fire drills once every long semester in both the academic and residential buildings along with campus wide fire prevention programs conducted each October to coincide with Fire Prevention Week.

2025 Annual Security and Fire Safety Report

Fire Safety

Occupants should take all safety precautions, including fire safety, and report any violations they observe to their building staff as soon as possible.

Student Organization Handbook: Student Involvement & Organizations staff encourages student organizations to work with our staff and their organization advisor(s) to plan safe and successful programs or events. To do so, each student organization is required to have its own risk management policy that addresses the 7-8 areas identified by the state: alcohol and drugs, hazing, sexual assault & harassment, fire and safety, student travel, behavior at events and parties, and student organization risk management policies.

Risk Management Training: Risk Management Training is a program offered through the Office of Student Involvement & Organizations to assist student organizations with the identification of potential and perceived risks that might be involved in their activities and to identify steps to minimize or avoid risks when and where practical. It is a step in the registration renewal process and covers topics of alcohol and drugs, hazing, sexual assault & harassment, fire and safety, student travel, behavior at events and parties, and student organization risk management policies. All student organizations and their advisors are required to complete this training.

Campus Fire Prevention

Everyone should exercise good judgment and conduct themselves in a manner that would prevent fires while on UNT Dallas property. No one should smoke in areas where “No Smoking” signs are posted, or where hazard from smoking exists.

If a fire should occur, contact your supervisor/instructor or the UNT Dallas PD. Stay calm. If the fire is small, select the proper extinguisher and attack the fire (if this can be done safely). The following chart describes the different types of fires normally encountered and the proper extinguisher to use in each case.

TYPES OF FIRES	TYPES OF EXTINGUISHERS & AGENTS
Ordinary Combustible Materials (Paper, Wood, & Trash)	Water (Preferred) & Multi-purpose
Flammable Liquid & Gases (Gasoline, Natural Gas, & Lube Oils)	Dry Chemical (Preferred) & Carbon Dioxide
Electrical (Electronic Instruments & Switchgear Installation)	Carbon dioxide (Preferred) & Dry Chemical

Storage of Flammable Liquids

Metal containers and/or safety cans equipped with flame arresters and spring actuated caps should be used for the storage and handling of all flammable liquids with a flashpoint of less than 100-degree F.

Solvents, Chemicals & Chemical Cleaning, Water Treatment Rule

All chemicals and solvents are treated as potential hazards from initial delivery to ultimate use and always require the use of safe practices. Anyone handling flammable liquids or chemicals of any type should wear appropriate protective clothing and will comply with industry safe practices and the safety instructions on the container label regarding both the use and storage of these materials. Chemicals and materials with toxic fumes are to be used only in well-ventilated areas.

Responsibility

It is the responsibility of everyone to be aware of the hazards related to the use of solvents, chemical cleaning materials, and other chemicals and to enforce the rules related to their use. Hazards to be considered when using solvents, chemical cleaning materials, and other chemicals are:

- Contact with a hazardous material can cause skin rash or dermatitis, corrosive burns, or eye damage.
- Potential explosive or fire hazard.
- The danger of ingestion of a poisonous, corrosive, or hazardous substance through the mouth or absorbed through the skin.

2025 Annual Security and Fire Safety Report

- The inhalation of a volatile solvent, gas or toxic dust which may produce asphyxiation, intoxication, or damage to mucous membrane and internal organs.

First Aid

First aid procedures vary depending on the chemical nature of the materials in question. Follow the instructions on the container label.

If an individual should encounter solvent or chemicals in the eyes or on the skin, the affected area should be irrigated for a minimum of fifteen (15) minutes. If anyone ingests chemical materials or is splashed with hazardous material and irrigation facilities are not available, they should immediately be referred to a hospital emergency room.
