UNT Dallas College of Law Student ID#	Date Form Submitted to Physician or Other Health Care Professional	

The student named above has requested reasonable accommodation and/or auxiliary aids and services at the UNT Dallas College of Law for ADD/ADHD. In order to determine eligibility, the UNT Dallas College of Law requires documentation from an appropriate treating professional who is not related to the student (e.g., Medical Doctor, Nurse Practitioner, Licensed Professional Counselor, Psychologist, or Diagnostician). This documentation will be used to verify the student's disability and its impact on the student's needs in the academic setting.

REMAINDER OF THIS FORM IS TO BE COMPLETED BY A QUALIFIED PROFESSIONAL ONLY.

The following matrix (page 3) **is essential** to establish eligibility. To qualify, the student’s disability must have a severe impact on at least one of the listed life activities, or moderately impact multiple areas of functioning. Please use your professional judgment to determine the level of impact of the student’s ADD/ADHD has on the associated life activity. Attach any relevant documentation, treatment records, evaluative reports, etc.

NOTE: When students respond well to treatment, ADD/ADHD symptoms may present no immediate limitations. Students may still qualify for reasonable accommodation and/or auxiliary aids and services when the potential exists for a previously stable condition to worsen. Please complete the matrix to reflect those periods when the condition **is not** well controlled. Also, consider side effects of medications and other treatment(s) that may negatively impact life activities. Lastly, please note that completion of this form has no bearing upon a student's future employability, or eligibility for any accommodation or services beyond the UNT Dallas College of Law. To make an eligibility determination, we need to know how serious the student's limitations are. Please do not feel the need to minimize this. Basically, we need to know how severe the student's ADD/ADHD problems can be at their worst.
