

Chief Executive Officer Report

TO: The University of North Texas Board of Regents
FROM: Bob Mong, Chief Executive Officer
DATE: September 30, 2021
RE: Chief Executive Officer Reporting Requirements under Texas Educational Code, § 51.253(c)

Under the Texas Education Code (TEC), § 51.253(c), the University of North Texas at Dallas (UNT Dallas) Chief Executive Officer is required to submit a data report at least once during each fall or spring semester to the UNT Board of Regents and post on the UNT Dallas website the following information concerning the reports received by employees under the TEC, § 51.252.

- Whether the type of incident described in each report constitutes:
 - “sexual harassment;”
 - “sexual assault;”
 - “dating violence;” or
 - “stalking” as defined in the TEC, § 51.251, and
- any disciplinary actions taken under TEC, § 51.255.

For the purposes of complying with the aforementioned reporting requirements under TEC, § 51.253(c), the attached summary data report¹ (Appendix A) includes all of the required information for the 2020-2021 academic year, as of September 30th, 2021. The summary data in Appendix A is categorized based on the reporting requirements under TEC, § 51.253(c). The reports received provide information that may apply to multiple reporting categories. Therefore, the summary data in the categories may not add up to the totals of other categories. The summary data report is also posted on the UNT Dallas (Name Page), per the public reporting requirements under TEC, § 51.253(c).

The summary data report is also posted on the UNT Dallas’ webpage, www.untDallas.edu/title-ix as per the public reporting requirements under TEC, Section 51.253(c).

Note: Any additional reports received by the Title IX Coordinator that do not meet the required reporting criteria in the TEC have been omitted for the compliance purposes of this specific report.²

¹ When identifiable, duplicate reports were consolidated and counted as one report in the summary data, and confidential employee reporting is noted as a sub-set to the total number of reports received.

² For example, reports made by students and all other non-employees (including incidents under 3.5(d)(3)) are excluded from Appendices A and B. Additionally, if a Title IX Coordinator or Deputy Coordinator determines that the type of incident described in a report, as alleged, does not constitute “sexual harassment,” “sexual assault,” “dating violence,” or “stalking” as defined in the TEC, § 51.251, the report is excluded from Appendices A and B. It is the responsibility of the Title IX Coordinator or Deputy Title IX Coordinator to assess each report received and determine whether it is properly included in this report, and if so, to correctly identify the type of incident.

⁶ “No Finding of a Policy Violation” in this § refers to instances where there is no finding of responsibility after a hearing or an appeal process; investigations completed with a preponderance of evidence not met are excluded, because it would not have moved forward into a disciplinary process.

⁷ The institution may have determined “not to initiate a disciplinary process.” The reasons for not initiating a discipline process can include, but are not limited to: case dismissal; insufficient information to investigate; confidential employee reporting (no identifiable information); the respondent’s identity was unknown or not reported; the respondent was not university-affiliated; the complainant requested the institution not investigate the report; informal resolution was completed; investigation is ongoing; or investigation was completed with a preponderance of evidence not met.
