**Departmental Outcomes:** At the end of this course, the student will

1. Be able to demonstrate critical thinking
2. Identify assumptions underlying particular research methodologies
3. Identify limitations in particular research methodologies
4. Be familiar with sociological methodology
5. Explain how empirical evidence contributes to sociological knowledge
6. Formulate empirical research questions
7. Identify materials, research, and data relevant to research questions
8. Identify major methodological approaches and describe the general role of methods in building sociological knowledge
9. Critically assess empirical research of others
Course Goals or Overview:
This course aims at offering an introduction to qualitative research methods. Students will learn about the usefulness of qualitative research methods, the philosophical and theoretical underpinnings of this type of research, the various approaches and schools of thought, as well as about particular methodological techniques. This course will also help students learn how to construct their own qualitative research project. This involves developing a central problem statement, a research design, qualitative data collection method, and a type of qualitative data analysis strategy.

Learning Objectives/Outcomes: This course guides students
1. To become familiar with the perspectives, characteristics, language and logic of qualitative research methods;
2. To understand the available techniques for designing a qualitative research study;
3. To understand the available techniques for qualitative data analysis;
4. To be able to recognize and assess quality and rigor in evaluating a qualitative research study.

Course Outline
This schedule is subject to change by the instructor. Any changes to this schedule will be communicated in class.

Course Evaluation Methods

This course will utilize the following instruments to determine student grades and proficiency of the learning outcomes for the course.

Assignments (30%)
There are 4 assignments. Students are expected to write a literature review (40pts), collect fieldnotes (30pts), conduct and write-up an interview (40pts), and conduct and write-up a content analysis exercise (40pts)

Exams (30%)
There are 3 exams. Each exam is worth 50points. Exams are multiple choice tests based on class lectures and readings.

Research Proposal (40%)
Students are expected to turn in a research proposal paper worth 200 points. This paper requires that students design a qualitative research project (of their choosing) A detailed paper guide will be distributed in class. Paper should be typed, double-spaced, using 12pt font. Length should be no less than 10 pages.

**You are responsible for tracking your own grade progress. If you have questions about your grade or if you need documentation of your grade.**

**University Policies and Procedures**

**Students with Disabilities (ADA Compliance):**
The University of North Texas Dallas faculty is committed to complying with the Americans with Disabilities Act (ADA). Students with documented disabilities are responsible for informing faculty of their needs for reasonable accommodations and providing written authorized documentation. For more information, you may visit the Office of Disability Accommodation/Student Development Office, Suite 115 or call Laura Smith at 972-780-3632.

**Student Evaluation of Teaching Effectiveness Policy:**
The Student Evaluation of Teaching Effectiveness (SETE) is a requirement for all organized classes at UNT. This short survey will be made available to you at the end of the semester, providing you a chance to comment on how this class is taught. I am very interested in the feedback I get from students, as I work to continually improve my teaching. I consider the SETE to be an important part of your participation in this class.

**Assignment Policy:**
Any style guide may be used as long as it is used consistently throughout the paper.

**Exam Policy:**
Exams should be taken as scheduled. No makeup examinations will be allowed except for documented emergencies (See Student Handbook).

**Academic Integrity:**
Academic integrity is a hallmark of higher education. You are expected to abide by the University’s code of conduct and Academic Dishonesty policy. Any person suspected of academic dishonesty (i.e., cheating or plagiarism) will be handled in accordance with the University’s policies and procedures. Refer to the Student Code of Conduct at [http://www.unt.edu/csrr/student_conduct/index.html](http://www.unt.edu/csrr/student_conduct/index.html) for complete provisions of this code.

**Bad Weather Policy:**
On those days that present severe weather and driving conditions, a decision may be made to close the campus. In case of inclement weather, call UNT Dallas Campuses main voicemail number (972) 780-3600 or search postings on the campus website [www.unt.edu/dallas](http://www.unt.edu/dallas). Students are encouraged to update their Eagle Alert contact information, so they will receive this information automatically.

**Classroom Policies**
1. Since discussion is an essential part of this course please come to class prepared and on time.
2. Please turn off your cell phones and pagers.
3. Do not come into class late or leave early.
4. You are responsible for tracking your own grade progress (see course requirements and grading scheme to help you keep track of available points). If you have questions about your grade come to office hours, make an appointment, or contact me via email. Do not make specific inquiries about your grade in class.
5. No late work will be accepted unless you have a valid documented excuse (documented illness or death in the family). **If you miss an assignment and you have a valid documented excuse notify me as soon as possible via phone or email so we can arrange a reasonable time for you to make up the missed assignment.**

6. All work must be turned in during class. I will not accept emailed work unless you have a valid documented excuse.

**Attendance and Participation Policy:**
The University attendance policy is in effect for this course. Class attendance and participation is expected because the class is designed as a shared learning experience and because essential information not in the textbook will be discussed in class. The dynamic and intensive nature of this course makes it impossible for students to make-up or to receive credit for missed classes. Attendance and participation in all class meetings is essential to the integration of course material and your ability to demonstrate proficiency. Students are responsible to notify the instructor if they are missing class and for what reason. Students are also responsible to make up any work covered in class. *It is recommended that each student coordinate with a student colleague to obtain a copy of the class notes, if they are absent.*

To get the most out of this class your attendance is required.
- An attendance sign sheet will be circulated at the beginning of each class. Sign your name in the sheet to document your attendance. Failure to sign the sheet will be considered an absence.
- Students are expected to attend all scheduled meetings of this class. Students are also expected to be on time for all scheduled class meetings. Students who come to class late will be counted as absent. **After 3 absences, 5 overall points will be deducted for every class period missed.**
- If you have a documented excuse for your absence let me know as soon as possible and bring it to class. A valid documented excuse consists of a doctor’s note documenting your illness or death in the family

**Diversity/Tolerance Policy:**
*Students are encouraged to contribute their perspectives and insights to class discussions. However, offensive & inappropriate language (swearing) and remarks offensive to others of particular nationalities, ethnic groups, sexual preferences, religious groups, genders, or other ascribed statuses will not be tolerated. Disruptions which violate the Code of Student Conduct will be referred to the Center for Student Rights and Responsibilities as the instructor deems appropriate.*
