**Course Evaluation Methods**

This course will utilize the following instruments to determine student grades and proficiency of the learning outcomes for the course.

**Project Assignments** – The project assignments will be given to students on September 8th, September 29th, October 20th, and November 3rd. Students will be expected to complete the assignments by the appropriate due date.

**Weekly Assignments** – This semester, students will be given weekly assignments related to the topics discussed to be completed outside of class time.

**Participation** – A healthy class experience is dependent upon not only the instructor, but also instructor-student and student-student interactions. This class not only incorporates a manageable amount of readings, but also injects “real-world” exercises that allow students to put theory into practice. Poorly prepared students not only affect their own grades, but diminish the overall learning experience of their classmates.
**Mid-Term Exam** – The mid-term exam will be handed out on October 6th and will be completed at home. It is due October 13th. This will be a series of short answer questions and an essay.

**Final Exam** – The final exam will be administered on December 8th. This will be a series of short answer questions and an essay. The student will be responsible for bringing a blue/green book for completion.

**Grading Matrix:**

<table>

**Grade Determination:**

- A = 90% or better
- B = 89 – 80%
- C = 79 – 70%
- D = 69 – 60%
- F = less than 60%

**University Policies and Procedures**

**Students with Disabilities (ADA Compliance):**
The University of North Texas Dallas faculty is committed to complying with the Americans with Disabilities Act (ADA). Students' with documented disabilities are responsible for informing faculty of their needs for reasonable accommodations and providing written authorized documentation. Grades assigned before an accommodation is provided will not be changed as accommodations are not retroactive. For more information, you may visit the Student Life Office, Suite 200, Building 2 or call Laura Smith at 972-780-3632.

**Student Evaluation of Teaching Effectiveness Policy:**
The Student Evaluation of Teaching Effectiveness (SETE) is a requirement for all organized classes at UNT. This short survey will be made available to you at the end of the semester, providing you a chance to comment on how this class is taught. I am very interested in the feedback I get from students, as I work to continually improve my teaching. I consider the SETE to be an important part of your participation in this class.

**Assignment Policy:**
Assignments in this class must reflect the following format:

- Font: Times New Roman, Size 12
- Cover Page with Assignment Title, Class Title, Date, and Student Name
- Double-spaced

**Late Policy:**
Students are expected to turn in all assignments at the beginning of the class on the date the assignment is due. This course includes FIRM deadlines scheduled throughout the semester. Deadlines will NOT be extended for any reason so do not ask for an extension. If you miss an assignment, work very hard to earn the maximum number of points on all subsequent assignments. Extra credit is not available for this course. Except for unavoidable circumstances, students will not be allowed to make up missed assignments or the exams.

**Exam Policy:**
Exams should be taken as scheduled. No makeup examinations will be allowed except for documented emergencies (See Student Handbook).

**Academic Integrity:**
Academic integrity is a hallmark of higher education. You are expected to abide by the University’s code of Academic Integrity policy. Any person suspected of academic dishonesty (i.e., cheating or plagiarism) will be handled in accordance with the University’s policies and procedures. Refer to the Student Code of Academic Integrity at [http://www.unt.edu/unt-](http://www.unt.edu/unt-).
In addition, all academic work submitted for this class, including exams, papers, and written assignments should include the following statement:

**On my honor, I have not given, nor received, nor witnessed any unauthorized assistance that violates the UNTD Academic Integrity Policy.**

**Bad Weather Policy:**
On those days that present severe weather and driving conditions, a decision may be made to close the campus. In case of inclement weather, call UNT Dallas Campuses main voicemail number (972) 780-3600 or search postings on the campus website [www.unt.edu/dallas](http://www.unt.edu/dallas). Students are encouraged to update their Eagle Alert contact information, so they will receive this information automatically.

**Attendance and Participation Policy:**
The University attendance policy is in effect for this course. Class attendance and participation is expected because the class is designed as a shared learning experience and because essential information not in the textbook will be discussed in class. The dynamic and intensive nature of this course makes it impossible for students to make-up or to receive credit for missed classes. Attendance and participation in all class meetings is essential to the integration of course material and your ability to demonstrate proficiency. Students are responsible to notify the instructor if they are missing class and for what reason. Students are also responsible to make up any work covered in class. It is recommended that each student coordinate with a student colleague to obtain a copy of the class notes, if they are absent.

**Diversity/Tolerance Policy:**
Students are encouraged to contribute their perspectives and insights to class discussions. However, offensive & inappropriate language (swearing) and remarks offensive to others of particular nationalities, ethnic groups, sexual preferences, religious groups, genders, or other ascribed statuses will not be tolerated. Disruptions which violate the Code of Student Conduct will be referred to the Office of Student Life as the instructor deems appropriate.

**Blackboard:**
A number of our required readings may be posted on Blackboard. Please print them out and read them before the date in which we will discuss them. They are listed under the “Content” section for this course. Please let me know if you have any issues finding them.

**Use of Cell Phones & Other Electronic Gadgets in the Classroom**
Students who prefer to use laptops to take notes in class are more than welcome to do so. However, please refrain from engaging in other activities (Facebook, shopping, etc.) that will serve as a distraction for both you and me.

Also, while we have all become increasingly reliant upon our technological devices to keep us in the loop both professionally and personally, this class has a “No Cell Phone” policy. This policy is particularly focusing on the growing trend of in-class texting, but it is certainly not limited to this behavior. If you need to use your cell phone, please feel free to leave the class as you see fit. Our time in class is limited, and despite our busy lives, I would like to spend the class period focused on the material.

**Incompletes:**
A semester grade of incomplete will be given only under extreme and unusual situations. Additionally, to be fair to all students in the course, when the work is completed, the student will not receive higher than a B for the course, regardless of how many points were earned in the course. More importantly, an incomplete will only be granted for students who are in good standing within the class (A/B grade) and have completed all work (except for the final) at semester’s end. An incomplete is not a substitute for a poor grade.
