## Course Catalog Description:
This course is designed to help prospective secondary teachers in all content areas increase and enhance students' learning, especially from printed materials. It is also designed to help secondary teachers recognize and compensate for the variety of ability levels in the classroom. The course provides a brief overview of the reading process, metacognition relevant to learning, and schema theory. The major emphasis will be on practical application of the course content to the classroom setting. Because of the link between reading and writing, attention will also be given to using writing in the various content areas to promote thinking and learning. Prerequisite: EDSE 3800 or consent of the department and instructor.

**Prerequisites:** EDSE 3800 or consent of the department and instructor.

Points are deducted for non-attendance. Not completing an assignment results in failure to receive credit for the course.

Base Grade Determination:

- A = 90 – 100%
- B = 80 – 89%
- C = 70 – 79%
- D = 60 – 69%
- F = less than 60%

University Policies and Procedures

Students with Disabilities (ADA Compliance):
The University of North Texas Dallas faculty is committed to complying with the Americans with Disabilities Act (ADA). Students' with documented disabilities are responsible for informing faculty of their needs for reasonable accommodations and providing written authorized documentation. Student Evaluation of Teaching Effectiveness Policy:
The Student Evaluation of Teaching Effectiveness (SETE) is a requirement for all organized classes at UNT. This short survey will be made available to you at the end of the semester, providing you a chance to comment on how this class is taught. I am very interested in the feedback I get from students, as I work to continually improve my teaching. I consider the SETE to be an important part of your participation in this class.

Assignment Policy: All assignments must be completed to pass the course.
Exam Policy:
Exams should be taken as scheduled. No makeup examinations will be allowed except for documented emergencies (See Student Handbook).

Academic Integrity:
Academic integrity is a hallmark of higher education. You are expected to abide by the University’s code of Academic Integrity policy. Any person suspected of academic dishonesty (i.e., cheating or plagiarism) will be handled in accordance with the University’s policies and procedures. The dynamic and intensive nature of this course makes it impossible for students to make-up or to receive credit for missed classes. Attendance and participation in all class meetings is essential to the integration of course material and your ability to demonstrate proficiency. Students are responsible to notify the instructor if they are missing class and for what reason. Students are also responsible to make up any work covered in class. It is recommended that each student coordinate with a student colleague to obtain a copy of the class notes, if they are absent.
