Recommended Text and References:  Additional readings will be provided.

Course Goals or Overview:  This course will examine the lives, attitudes, and cultural values of elderly members of ethnic and minority groups. Major social and psychological theories of aging will be analyzed as they relate to the experiences of older people from diverse cultural backgrounds. The influence of class, gender, economic resources and health on the aging process will be explored.

Learning Objectives/Outcomes:  At the end of this course, the students should be able to

1. Describe the role of culture as both a helping and adaptive mechanism, and as a possible barrier to service utilization.
2. Identify current gerontological basic research related to ethnicity and minority status;
3. Outline social and historical developments in ethnic and minority aging groups;
4. List the components of culturally appropriate programs;
5. Identify the major national organizations that provide advocacy and resources for improved services to minority aging;
6. Identify current service issues in diversity and aging, including programs that address the special needs of ethnic and minority elderly in contemporary societies.

COURSE EVALUATION METHODS

**I. Discussions and Participation: (40 points):** Each student is expected to actively participate in class discussions and activities.

**II. Quizzes (40 Points):** Two quizzes at 20 points each.

**III. Abstracts: (40 points)**
Students will submit two abstracts (three pages each, double-spaced, 1 inch margins, times new roman, 12 point). Recent scholarly journals are the primary source of articles, no magazine and newspaper articles and they should be published from 2000 to the present. Articles at least 6 pages long - must
relate to diversity among older persons in the U.S. (i.e. ethnicity, minority, poverty, disability, sexual preference & gender, as explained in this course). Include a cover page with your name, class, date, and a full reference including the title, journal, author, date, etc. (cover does not count toward total pages). Name should be on the front page only. Staple in the left corner, no fancy covers. Attach a copy of the article being reviewed. Abstracts will worth of 10 points each. Abstracts should address the following ideas/outline:

a. Article’s purpose and objectives
b. The theoretical premise, i.e. basis for writing the article (why is it relevant?)
c. Basic results, findings and/or key points presented;
d. Conclusions drawn;
e. Your evaluation of the article. For example, indicate what you consider to be the strengths and weaknesses, whether it was clear, practical, and its impact. Do not give your interpretation of what you think about the findings.
f. Impact/ Discussion/ Contributions: What questions do you still have? Any other issues the article should have addressed?
g. Relationship to Course: Describe how the article relates to the course and how it contributed to your understanding of ethnic/diverse elderly.

Abstract grades will be based on the following criteria: (1) Completeness of abstracts (cover all points), (2) Clarity and creativity of write up, (3) Quality of writing (spelling, punctuation, etc.), (4) Evaluation of articles (your views of the good and bad qualities), (5) Apparent overall understanding of articles chosen. (If you have to copy a sentence, use quotation marks!)

IV. Interviews: (60 POINTS)
Each student will conduct an interview during the course of the semester with an older person aged 65 and over (not family related) from an ethnic/racial group that differs from students to gain increased appreciation and understanding of the ethnic and cultural lives. Students will develop 3-4 page papers based on information collected in the interviews (double- spaced, 1 inch margins, times new roman, 12 point). More specific details about the interview (and sample questions) will be discussed in class and information will be posted on blackboard. Write up the interview as if it were a newspaper article, for people totally unaware of the issues (30 points for the interview paper). Criteria for grading interview papers:

1. Organization and content  Clarity of main points; coherent and logical flow of ideas; use of transitions; summary.
2. Instructor’s overall impression of effort and sensitivity to subject and creativity.
3. Technical detail  Presentation, spelling, grammar, syntax.

V. Examinations (200 POINTS)
There will be a mid-term and a final examination. The tests will cover all materials reviewed up to that point (final is not comprehensive). Examinations will cover the reading assignments, materials presented through lectures, handout, and class discussions. Make-up exams are ONLY given in the event of a DOCUMENTED excused absence. (Reasons for excused absence include hospitalization, death in the family, etc.) If you miss, be prepared to provide proof for having done so. It is in your best interest to not miss an exam. (Prior arrangements can be made on an individual basis if you will be absent on exam day and you know that ahead of time).
GRADES
Be assured that I want students to learn and to receive the good grades they deserve. So please make an appointment with me should you have undue difficulty with your work. Final grades are the result of several components that you put together during the semester. I will not adjust the final grade.

University Policies and Procedures

Students with Disabilities (ADA Compliance):

Chapter 7(7.004) Disability Accommodations for Students

The University of North Texas at Dallas makes reasonable academic accommodation for students with disabilities. Students seeking accommodations must first register with the Disability Services Office (DSO) to verify their eligibility. If a disability is verified, the DSO will provide you with an accommodation letter to be delivered to faculty to begin a private discussion regarding your specific needs in a course. You may request accommodations at any time, however, DSO notices of accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of accommodation for every semester and must meet/communicate with each faculty member prior to implementation in each class. Students are strongly encouraged to deliver letters of accommodation during faculty office hours or by appointment. Faculty members have the authority to ask students to discuss such letters during their designated office hours to protect the privacy of the student. For additional information see the Disability Services Office website at http://www.untdallas.edu/disability. You may also contact them by phone at 972-338-1777; by email at UNTDdisability@untdallas.edu or at Building 2, room 204.

Blackboard Learn Accessibility Statement:
University of North Texas at Dallas is committed to ensuring its online and hybrid courses are usable by all students and faculty including those with disabilities. If you encounter any difficulties with technologies, please contact our ITSS Department. To better assist them, you would want to have the operating system, web browser and information on any assistive technology being used. Blackboard Learn course management system’s accessibility statement is also provided:
http://www.blackboard.com/Platforms/Learn/Resources/Accessibility.aspx

NOTE: Additional instructional technology tools, such as Turnitin, Respondus, Panopto, and publisher cartridge content (i.e. MyLab, Pearson, etc.) may NOT be fully ADA compliant. Please contact our Disability Office should you require additional assistance utilizing any of these tools.

Student Evaluation of Teaching Effectiveness Policy:
short survey will be made available to you at the end of the semester, providing you a chance to comment on how
this class is taught. I am very interested in the feedback I get from students, as I work to continually improve my
teaching. I consider students’ evaluations to be an important part of your participation in this class.

**Assignment Policy:** (According to the instructor’s discretion while working in concert with the division/program’s
guidelines).

**Exam Policy:** (Online exams and the ability to retake is solely at the instructor’s discretion). NOTE: Online
exams may be proctored on campus per instructor’s discretion.

**Academic Integrity:**

Academic integrity is a hallmark of higher education. You are expected to abide by the University’s code of
Academic Integrity policy. Any person suspected of academic dishonesty (i.e., cheating or plagiarism) will be
handled in accordance with the University’s policies and procedures. Refer to the Student Code of Academic
for complete provisions of this code.

Academic dishonesty includes, but is not limited to, cheating, plagiarizing, fabrication of information or citations,
facilitating acts of dishonesty by others, having unauthorized possession of examinations, submitting work of
another person or work previously used without informing the instructor, or tampering with the academic work of
other students.

**Web-based Plagiarism Detection:** Please be aware in some online or hybrid courses, students may be required
to submit written assignments to Turnitin, a web-based plagiarism detection service, or another method. If
submitting to Turnitin, please remove your title page and other personal information.

**Classroom Policies**

**Online Attendance and Participation:**

The University attendance policy is in effect for this course. Class attendance in the Blackboard classroom
and participation is expected because the class is designed as a shared learning experience, and because
essential information not in the textbook will be discussed in the discussion board. Online presence and
participation in all class discussions is essential to the integration of course material and your ability to
demonstrate proficiency.

Attendance for this online or hybrid course is considered when you are logged in and active in Blackboard, i.e.,
posting assignments, taking quizzes, or completing Discussion Boards. To maintain financial aid award
eligibility, activity must occur before the census date of the session or term of the course. Refer to
[http://www.untdallas.edu/registrar](http://www.untdallas.edu/registrar) for specific dates. If you are absent/not active in the course shell, it is YOUR
responsibility to let the instructor know immediately, upon your return, the reason for your absence if it is to be
excused. All instructors must follow university policy 7.005 covering excused absences; however, it is the
instructor’s discretion, as outlined in the course syllabus, of how unexcused absences may or may not count
against successful completion of the course.

**Inclement Weather and Online Classes:** Online classes may or may not be effected by campus closures due to
inclement weather. Unless otherwise notified by your instructor via e-mail, online messaging, or online
announcement, students should assume that assignments are due as scheduled.

**Online “Netiquette:**

In any social interaction, certain rules of etiquette are expected and contribute to more enjoyable and
productive communication. Emails, Discussion Board messages and/or any other forms of written
communication in the online environment should use proper “netiquette” (i.e., no writing in all caps (usually
denotes yelling), no curse words, and no “flaming” messages (angry, personal attacks).

Racial, ethnic, or gender slurs will not be tolerated, nor will pornography of any kind.
Any violation of online netiquette may result in a loss of points or removal from the course and referral to the Dean of Students, including warnings and other sanctions in accordance with the University’s policies and procedures. Refer to the Student Code of Student Rights Responsibilities and Conduct at http://www.untdallas.edu/osa/policies. Respect is a given principle in all online communication. Therefore, please be sure to proofread all of your written communication prior to submission.

**Diversity/Tolerance Policy:**
Students are encouraged to contribute their perspectives and insights to class discussions in the online environment. However, offensive & inappropriate language (swearing) and remarks offensive to others of particular nationalities, ethnic groups, sexual preferences, religious groups, genders, or other ascribed statuses will not be tolerated. Disruptions which violate the Code of Student Conduct will be referred to the Dean of Students as the instructor deems appropriate.

**Technology Requirements:** In order to successfully access the materials in an online or hybrid course, UNT Dallas advises that your computer be equipped with the minimum system requirements.

Blackboard Learn 9.1 is the platform software for this course. Blackboard Learn supports major web browsers such as Windows Internet Explorer, Apple Safari, Mozilla Firefox, and Google Chrome. However, since the latter two are updated continually, some recent versions may not be compatible. If you experience difficulty accessing or using components of the course, try using Internet Explorer. Also, no matter what browser you use, always enable pop-ups. For more information see:
