## Student Success

<table>
<thead>
<tr>
<th>All Students</th>
<th>All students will receive rigorous, high quality instruction, activities, assignments, dialogue, discussions, and assessments.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Some Students</td>
<td>Some students will be targeted for minor interventions, as course content may be challenging to them. In this case, students will be asked to schedule an office visit for individualized support.</td>
</tr>
<tr>
<td>Few Students</td>
<td>Few students will need additional interventions, as course content may be difficult to them. In this case, students will be mandated to schedule an office visit for intensive individualized support.</td>
</tr>
</tbody>
</table>

### Course Goals:
Students will…
1. Foundations of Classroom Management and Positive Behavior Supports;
2. Creating a Proactive Learning Environment using Universal Level Supports and Interventions;
3. Using High Quality Instruction to Prevent Inappropriate Behavior;
4. Prevention through Cognitive and Social Monitoring;
5. Using Targeted Level Interventions and Supports;

### Course Content Objectives:
Students will:
1. To reduce prejudice.
2. To broaden perspectives.
3. To learn from the mistakes and successes of the past.
4. To become aware of the world interdependence.
5. To become aware of multiple causation. No event has happened for one reason.

### Course Outcomes:
Students will be able to:
1. Recognize behavioral norms within the classroom setting.
2. Recognize behavioral norms within the classroom setting.
3. Describe management skills as related to the classroom.
4. Research and Give details regarding unique aspects of the classroom including special needs and aggression.
5. Research and Develop differentiated techniques and strategies to address student’s behaviors and skill level.
6. Research and demonstrate an understanding of a variety of classroom management programs.
List of Assignments to Demonstrate Your Knowledge – Portfolio

Whole Brain Notebook (100 points): The Whole Brain Notebook is based upon the research of hemispheric specialties. It aids the student with literacy, specifically vocabulary. It also allows use of multiple intelligences, as well as allows for the use of multiple learning channels: auditory, visual, and kinesthetic-tactile. In completing the hemispheric connector, please use the formula provided in the example.

Classroom Expectations (20 points): Create behavior expectations for your classroom. Create behavior matrix. The matrix will include expected behaviors for each classroom area, playground, cafeteria, hallways, and classroom. Please make sure that this is in chart form. Make sure that the behaviors are observable, measurable and teachable.

Teaching Script (20 points): Create teaching scripts (Cool tools developed). This is where you will develop a lesson plan specifically to teach a particular behavior to students.

Behavior Management Program (20 points): Create reinforcement system (Reward system and activities) explain your philosophy about reinforcement and reward. How will children be recognized for performing the expected behaviors (academic and social)? In this section write a 2 to 4 paged paper on your beliefs about how behavior should be shaped and reinforced in a school environment.

Parent/Peer Demonstration (25 Points): Develop a power point for peers or parents introducing the foundations and details of your classroom management and the fundamentals parts of the approach and program. You will need to develop a three-panel brochure to include the highlights of your presentation as well as additional resources, references, articles, support services in the state or nationwide. You should have a maximum of 15 slides.

Literature Review Research Activity (50 points): Research ten (10) articles that are directly related to classroom or classroom/behavior management. Your articles must take into account aspects of culture, age, gender, race, language, economic status, nationality and/or sexual orientation. In addition, you must write a five (5) paged paper, using conventional English writing styles. When documents are submitted, you need to ensure that they are in the format in which the instructor can read. For this course, that means all word-processed work will be in APA writing style ONLY.
