No University funds may be expended for the payment of full salary of any employee who is also the paid lobbyist of any individual, firm, association, or corporation. Such appointments must be approved by the President and in accordance with Regents Rule 5.800 if applicable. Prior to the President accepting an invitation to serve in an additional state or federal non-elective office, the Board of Regents must determine that the appointment meets the two requirements stated above. The Board must also make an official record of any compensation to be received by the President from such appointment, including salary, bonus, per diem or other types of compensation.

Normally, such use does not result in additional costs or damage and generally will not hinder the day-to-day operation of an office. Incidental use of University telephones during working hours by employees for local calls is not considered to be a misapplication of State property, and is permissible so long as it does not unduly interfere with the individual's assigned responsibilities or the normal functioning of an office. Use of telephones is considered to be a misapplication of State equipment if it results in additional costs being incurred or damage to the equipment.

7.04. **Other University Equipment.** No employee shall entrust State property to any State official or employee or to anyone else to be used for other than State purposes.
